U. S. Warns Reds New War Would Spread To China

New Policy Laid Down By Dulles

St. Louis (AP) — Red China was warned yesterday by Secretary of State Dulles that it might provoke a war between itself and the West by aggression against Korea or Indochina.

Just before Dulles' warning came at the national convention of the American Legion, the legion itself demanded full scale action, including use of atomic and hydrogen bombs, to drive Communists from Korea if peace negotiations fail.

Dulles was cheered, repeatedly by the legionnaires, here 32,000 strong for their convention. He spoke with deliberate calmness as he laid down what appeared to be a new government policy of warning would-be aggressors against security infringements.

The legionnaires cheered loudest when he voiced the warning over Indochina.

"There is the risk that, as in Korea, Red China might send its own army into Indochina," Dulles said. "The Chinese should realize that such a second aggression could not occur without grave consequences which might not be confined to Indochina.

"I say this soberly in the interest of peace and in the hope of preventing another aggressor miscalculation."

Dulles was cheered again when he said the Communists could not count on "privileged sanctuary" in Manchuria if they renewed aggression against South Korea, and when he said the United States would not sit "indefinitely" at a peace conference with the Communists.

"We are always ready to negotiate in good faith but we expect the good faith to be mutual," he added. "We shall not lend ourselves to Communist maneuvers designed to win their end through guile."

The legion questioned the good faith of the Communists in the forthcoming Korean peace talks and approved a report of their Foreign Affairs Committee demanding:

"If the peace negotiations are not successfully concluded, then the full military strength and might of our government, with every useable weapon at its disposal, be employed to drive the Communist forces out of Korea."

The resolution on Korea also deplored that "some of our Allies and members of the United Nations are still engaged in trade with our enemies." It urged the government to take action against such trade.

Dulles told the legionnaires big wars generally are started by mistake, not design.

"Aggressive despots think they can make a grab unopposed, or opposed but feebly," Dulles said.

"So they grab. And to their surprise they find themselves involved in unexpected opposition which means major war."

The Korean fighting, Dulles added, has established that aggressor nations can not go on enlarging themselves at the expense of small nations.

Five Persons Killed

Mercer, (AP)—State Police reported five persons were killed and at least five injured last night in a terrific crash of a huge tractor-trailer truck and an auto at the intersection of Routes 19 and 62 near this Western Pennsylvania community.

Officers said the identity of the victims could not be determined immediately but that four were children and one was a girl about 25 years old.

20 Soldiers Drown During Maneuvers

Ft. Bragg, N. C. (AP)—A boat loaded with Army engineers capsized on a lake during a training problem on this sprawling military reservation yesterday and 20 soldiers drowned. Two were hospitalized.

The Ft. Bragg safety director, Otto Edwards, estimated that about 40 soldiers were in the two engineer assault craft bolted together end to end. He said the normal load is only about 25 men, and "the boat apparently was overloaded."

The Army said at Washington it believed it was the worst training accident, not involving aircraft, since World War II.

The Public Information Office said most of the victims were basic trainees.

The men had been taken out on the mile-long lake for an orientation ride after bolting together the two sections, each about 14 feet long. First reports were that the craft was smaller and carried fewer men.

The PIO said the boat was returning to shore when it made a turn and dipped water, causing some of the men to become panicky.

Edwards quoted one survivor as saying "I started to swim away and two or three other guys started grabbing at me." The man made it ashore and later helped rescue two others, he added.

Edwards said he understood about half of the men could not swim and that many of the nonswimmers hindered others who may have reached shore otherwise.

Some of the survivors were helped to shore by soldiers who had not been on the training ride. Others swam out. One almost reached land, then vanished.

Maj. Gen. Joseph P. Cleland, Ft. Bragg commander, convened an investigating board that started work less than two hours after the accident.

The soldiers were members of the 406th Engineer Brigade. Names of the victims were withheld until their next-of-kin could be notified.

Gen. Dean's Release Due Momentarily

Seoul, Thursday, (AP) — A South Korean Army General said today Maj. Gen. William Dean was expected to be released by the Communists within a day or two.

Maj. Gen. Choi Suk, officer in charge of prisoner exchange for South Korean repatriates, said this was indicated in the Communist reply to an Allied request for 24-hour advance notice on the return of the former 24th Infantry Division commander.

The Reds were expected to hold Dean until the last and release him with much propaganda fanfare.

U.N. Demands Reds Reveal Intentions

Panmunjom, Thursday (AP) The United Nations Command told the Communists today "it is most important for your side to reply today" that all Allied captives in Communist hands will be released. The request was made in an Allied note delivered to the Reds at this neutral site.

The note delivered at 8 a.m. (7 p.m. Wednesday, EDT) was addressed to Lt. Gen. Lee Sang Cho, head of the Communist members of the Joint Military Armistice Commission.

The first of 89 Americans were returned from Communist prison camps today in apparently good health and high spirits.

The 30th day of Operation Big Switch brought back an initial shipment of 50 Americans including seven officers and the 43 sergeants.

The highest ranking officer repatriated was a captain.

The returnees answered eagerly as their names were called and jumped down from the high, Russian-built vehicels.

A few of the repatriates wore faded blue prison uniforms and looked as though they were returning from a long spell of captivity.

French-Moroccan Debate Ruled Out

United Nations, N. Y., (AP)—Security Council action on the French-Moroccan situation was ruled out yesterday when Colombia announced it would vote against an Asian-Arab proposal to put the question on the agenda.

Colombia's decision made it impossible for the sponsors to get the necessary seven affirmative votes in the 11-nation council.

The United States, Britain and France already had announced they would vote against taking up the question and Greece had disclosed it would abstain.

Plane Crash Kills 21 Men

McChord Air Force Base, Wash., (AP) A chartered airliner that vanished on a flight from California Tuesday night carried its 19 soldier passengers and two crew members to their deaths just below the crest of a timbered western Washington ridge.

The 21 burned bodies were found yesterday in a small area around the broken and charred wreckage of the Regina Airlines DC3. The plane had plunged into tall timber about 15 miles northeast of Centralia—only 25 or 30 miles short of its destination at McChord Air Force Base.

It struck near the 2,700-foot level, at an angle that led some airmen to conjecture that it crashed with its nose downward. It had not radioed of any trouble.

The trees had sheared off the wings. All that was intact was the tail fin and a rear portion of the fuselage.

The 19 soldiers were flying from Ft. Ord, Calif., to new assignments at Ft. Lewis, Wash. The plane was chartered by the Army from the Miami, Fla., air firm. Its last radio report had been over Portland, Ore. It was flying through rain and mist.

Gen. Jonathan Wainwright

Wainwright, Corregidor Hero, Dies

San Antonio, (AP)—Gen. Jonathan M. Wainwright, the gaunt hero who kept his troops fighting the Japanese while America gathered strength for World War Two, died in a coma yesterday.

The stubborn defender of Corregidor—known to the world as "Skinny"—died in Brooke Army Hospital a day after his second brain stroke in 18 days.

Army doctors said rough treatment Wainwright suffered as a prisoner of the Japanese contributed to his death.

Wainwright was 70 on Aug. 23.

He went to the hospital July 6 from "Fiddlers Green," the home he bought after retiring from the Army and named for the legendary place where brave cavalrymen go after death. He was an old horse soldier.

His son, reserve Navy Capt. Jonathan M. Wainwright V, of Norfolk, Va., was a constant companion during his fatal illness. The general's wife also is hospitalized. It was not known whether she had been notified of her husband's death.

Wainwright retired from the Army on Aug. 31, 1947, after more than 45 years of service. His last post was as commanding general of the 4th Army.

When American troops first began fighting in Korea against overwhelming odds, Wainwright said: "I feel a kindred spirit for our men in Korea . . . but they have hope. At Corregidor there was no hope."

After Wainwright's liberation from the Japanese, President Truman awarded him the Congressional Medal of Honor for his determined stand at Corregidor, the last American fortress to block conquest for the Phillippines in the first days of the war.

Wainwright rallied his "grim, gaunt and ghostly men" in the old fortress of Corregidor and they held until—food and ammunition gone and bodies worn out—he had to surrender his command on May 6, 1942.

The Japanese held Wainwright prisoner for 3 years, 3 months and 18 days. He said his jailers often beat him.

42 Bodies Recovered

Barcelonette, France, (AP)—Surefooted mountain mules yesterday picked their way down snowcapped Mt. Cenet in the French Alps with the bodies of 42 air crash victims including French concert violinist Jacques Thibault. He was enroute to entertain French troops in Indochina.

Forests Driest In History, Pyle Reports; Woods Turning Brown For Lack Of Rainfall

The district's forests have never been drier, in the opinion of Forester E. C. Pyle, Stroudsburg.

Ridges and sloped wooded areas are brown, Pyle said. "Not changing color—just brown. It's worse than the middle of October."

The drought has hit the woods as badly as it did in 1930 when another severe dry spell crisped woods, Pyle said.

But the dried-out ground caused a good deal more trouble 23 years ago than it is causing up to the present. At that time, the forester recalls, the district was burdened with outbreak after outbreak of fire.

Monroe and Pike Counties have been lucky so far in the parched weather. There have been no really dangerous or uncontrollable outbreaks in the brush, grass or woods.

There have been about a half-dozen fires so far, and all were got under control. Three more fires were nipped in the bud yesterday.

A small area was burned near the highway, evidently resulting from something like a carelessly tossed cigaret stub, near Young's Pond, located near Little Summit.

A mile north of Dingmans Ferry, fire burned off about two acres on a hillside before it was extinguished.

Near Camp Akiba, along the Neola road in Hamilton Township, a few acres were burned off—and the cause was believed to be a spark still alive under the ground from a fire which occurred there a week earlier.

It's the smoldering embers which crawl down dead underground tree roots and under leaf pockets that make life tough for the forest wardens. Constant watch must be kept on the half-dozen old areas which have been burned in the past three weeks. There's always possibility of a new outbreak at the old spot.

Pyle said that from Pike County's fire towers it is possible to see the smoke from a large number of New York and New Jersey forest fires.

"But we've been lucky here—and I think people are being careful now that it's so dry," **Pyle** said.

Fish, Game Losses Heavy In Poconos

It would take a $250,000 restocking job to replace fish lost in rock-bottom-level Pocono streams during the current drought.

That estimate—a conservative one in the opinion of John Lohmann, Pike County game protector, who made it—is based on losses of eight to ten-inch trout during the dry spell.

The trout are worth approximately $300 per thousand on the hatchery market today.

Biggest trout and fish losses are due to dried-up streams. But a large number are being caught, killed and eaten by other forms of wildlife, dependent on fish for a livelihood.

As Lohmann puts it, "raccoons, heron" and other animals "are having a field day temporarily." With most streams less than claw-deep, the 'coon needs only to sit on th bank and wait for his favorite dish to flounder by.

The drought—indirectly—is taking its toll of Monroe and Pike County deer population, also, Lohmann warned.

Hordes of the antlered animals are wandering out of the forest onto highways on their way to rivers and larger streams where some trickle of water remains.

Small streams running through heavily wooded areas have nearly disappeared. These are the streams on which most larger animals depend for water supply.

The more deer wander, the more they are killed by passing cars, trucks and other vehicles, Lohman pointed out. An unusually high number of both large and small game animals have been killed by motor vehicles during the past two weeks, Lohmann said.

Most deadly route—and the one most often used by deer—is Route 209 between East Stroudsburg and Milford. Motorists traveling on 209 are warned to be constantly on the lookout for darting deer.

On one other count, the drought has proved a plague to humanity as well as the animals.

Truck gardeners and small farmers in the area are being devilled by field mice and small rodents, Lohmann said. With their own water supply cut off, the smaller animals are turning to green vegetables, melons and farm sources for a good, cool drink.

British Device Seeks Out H-Bombers

Washington (AP) Sen. Wiley (R-Wis.) said yesterday that the British have perfected "a guided missile or rocket that appears to offer a better defense against the H-bomb or A-bomb than anything we have."

Wiley, back here after attending the United Nations session in New York, told a reporter that the new British device "is said to travel between two and three thousand miles an hour.

"It is so fast that it can seek out and destroy any enemy plane before the plane could reach its target," Wiley said. "We are working on the same thing here, but they appear to be ahead of us in this field."

Wiley said he assumes that any British developments in the guided missile field will be made known to U. S. experts.

Red Terrorists Swarming Into Western Zone

Bonn, Germany (AP)—West Germany mobilized a civilian army of four million youths and athletes yesterday to protect Sunday's critical elections. Then officials reported thousands of Communist terrorists were swarming last night across the border from Soviet-occupied East Germany.

West German authorities said they had proof that the mass invasion of Red agents was a plot, directed by Moscow, to use riot, sabotage, fear and murder in the fight to prevent re-election of Chanceller Konrad Adenauer's pro-Western government.

The officials said the total of arrested Red toughs swelled to more than 7,000 with 2,000 arrests in the last 24 hours. But still the Communists came in a growing invasion which authorities feared might engulf West Germany's police force.

Weather Observer Reports Reading Of 105.5 Degrees

THE PAUSE THAT REFRESHES wasn't long enough for Monroe County residents yesterday. Miss Louise Dunkelberger, Broad St., Stroudsburg, stops on Seventh St. long enough to watch mercury at nearly 101 in the shade. (Daily Record Photo)

It was hotter than Hell in Stroudsburg yesterday.

Residents of Hell, Michigan broiled in temperatures of 103.

Stroudsburg's official mercury reading hit 105.5, according to U. S. Weather Bureau observer Pierre Lake.

Lake told The Daily Record it was the "hottest reading" he could remember marking down in four years as an observer on the local scene.

It was the same story for the rest of Monroe County.

Official weather observer Harry Greene listed 93 degrees as the day's high at Mount Pocono.

"It was the hottest day I've ever experienced around here," Greene said. Greene has been taking Mount Pocono readings since 1941.

It was without doubt, a "record for September," Greene said. "The 93-degree reading for Mount Pocono" was "extremely high," Greene continued.

Mountain residents had a trifling relief, however. A "good breeze . . . blowing at about 15 miles per hour . . . came from the Northwest right at the hottest time of the day."

The 93-degree maximum was recorded at High Point Inn at 3 p.m. yesterday, Greene said.

At Mount Pocono Airport, owner-manager H. J. Davis said the maximum temperature during the day was 95 degrees at "about 3:30 p. m."

During the night before, airport instruments listed a low of 65 degrees—a variance of more than 30 degrees between night and day temperature.

For Stroudsburg, it was a continued story.

Local thermometers began their upward spiral nine days ago with above 90 readings.

On Friday, Aug. 28, the mercury hit 99.5. It was an even 100 degrees in Stroudsburg on Saturday, Aug. 29 and Sunday, Aug. 30. On the final day of August, the thermometer jumped to 101.5.

Tuesday's reading slipped back down to a comparatively comfortable 99 degrees on official instruments.

But the respite was a brief one. In 24 hours the sun's rays had driven Monroe County records for Sept. 2 off the shelf and into oblivion.

One extra element helped make the day more bearable.

According to weatherman Greene, Mount Pocono's humidity measurement for the day was 37 percent—three percent lower than that for Tuesday.

Indications were that moisture content in the air was also less in Stroudsburg, East Stroudsburg and other lower points in the Poconos.

You could use just about any superlative to describe the weather during Wednesday.

It was the "hottest September day within memory." It was also the hottest day of the year.

Official weather predicters held out little hope for relief last night. Their forecasts for Eastern and Northeastern Pennsylvania called for "some cloudiness" today with "chances of scattered thundershowers in the mountains."

Highest temperature today?

Well, if the weatherman knows his business—and nature follows through on scientific schedule—it will be between 95 and 102 at the hottest today.

Only Limited Relief Seen For Parts Of Swelterbelt As Mercury Soars Over 100

By The Associated Press

The sun-scorched eastern half of the nation panted into the ninth day of a heat wave yesterday and only limited relief was predicted for parts of the swelter-belt.

With at least 73 dead from the prolonged heat spell and millions of dollars in crops ruined, the Chicago Weather Bureau would only predict:

Little change Thursday, for the most part, eastward from Ohio to the Atlantic Coast.

Cloudy and scattered showers over sections of the country between the Continental Divide and Ohio.

In the Midwest, where once-verdant fields have turned a seared brown, a few scattered thundershowers will bring temporary relief, the bureau said. But the heat wave will continue.

New temperature records continued to pile up yesterday, as cities ranging from Newark, N. J., to Boston to Chicago reported readings above 100.

Thousands of persons collapsed from heat prostration.

Water lines began to drop alarmingly in reservoirs, creeks and holes used by farmers as parts of the heat-belt edged into the third week without measurable rainfall.

Over-taxed water lines broke down in some big cities, inconveniencing millions of residents.

But the farmer, who depends on Summer sunshine and periodic rain, felt the heat wave most of all. Already crippled financially by dropping market prices, the farmer now faced a relentless sun which burned his crops, browned pastures and deprived livestock of feed.

Many offices and factories released workers because of the high temperatures.

Motor Violations Add Up To $5,349

Chicago, (AP)—The largest fine ever assessed in traffic court—$5,349—was meted out Wednesday to a driver convicted of 71 violations.

He is Jerry Leveron, 27, alias L. J. Borwen, who was accused of 74 charges, most of them speeding. Two were withdrawn and one was dismissed. Municipal Judge Joseph J. Butler fixed the penalty.

Prob Promised

Washington, (AP)—The Senate internal subcommittee will launch a sweeping investigation into the reasons why a United Nations tribunal branded "illegal" the ouster of 11 Americans who were lopped off the U. N. payroll in connection with loyalty probes.

Pennsylvania Broils Ninth Straight Day

By The Associated Press

Pennsylvanians, wilting under an unprecedented September heat wave, have only a small ray of hope that today may bring an end to nine straight days of hot, humid weather.

The weatherman at Harrisburg reported last night there was "just a chance of widely scattered showers today over the Commonwealth." But he added cautiously: "Don't bank on it. It's still very questionable whether any cooler air will arrive here before the weekend."

Meanwhile, the mercury shattered heat records in all parts of the Commonwealth yesterday.

Johnstown reported a sizzling 104 to break all records for a September day. Lock Haven had an official reading of 103 while Harrisburg posted a 102 late in the day.

For the state capital it was the hottest September reading in the history of the Weather Bureau. The previous record was 99 degrees set on Sept. 8, 1939.

Pittsburgh had a cooler 94 but it was still a record for the day. Philadelphia hit a record high of 98. Scranton reported a sizzling 99, new record for the date there. It was 101 in Williamsport.

And the situation may grow worse before it grows better, the weatherman sadly reported as he mopped his own brow. A cooler air mass from Canada, expected to arrive in the Commonwealth over the weekend, is being preceded by steadily rising humidity.

And it's the humidity — even more than the heat — that gives you that sticky, uncomfortable feeling.

Bell Strike Ends

New York, (AP)—A long-simmering dispute between the Bell System and 22,000 of its long distance telephone workers ended yesterday with provision for pay hikes and other contract improvements.

Big 3 Invite Reds To Talks

Washington, (AP)—The United States, Britain and France yesterday formally invited Russia to join in a Big Four foreign ministers conference beginning Oct. 15 in an effort to achieve "real progress toward peace."

In identical notes, the Western Powers restricted the proposed talks to the future of trouble-torn Germany and Austria, but noted that a solution of the problem of divided Germany would provide "an essential part of a world settlement."

Such a solution, the Allied notes said, "could be expected to pave the way for fruitful discussions of other major questions."

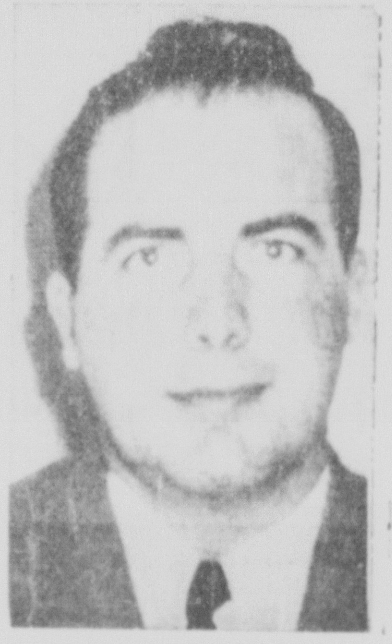
Russia had suggested earlier in the interchange of notes that the meeting be broadened to discuss other outstanding world problems.

Rev. David C. Newquist To Be Installed Friday As Minister At Shawnee

Shawnee—Rev. David C. Newquist will be installed as pastor of the Presbyterian Church here Friday at 8 p. m.

The 34-year-old minister succeeds Rev. Robert Bradburn as pastor. Rev. Bradburn and his wife left in the Spring for further training before going to Thailand for missionary work early next year.

The new pastor comes here from Jacksonville, N. C., where he was supply pastor of a Presbyterian Church. He supplied the charge here and one in Albany, N. Y.



Rev. David C. Newquist

Rev. Donald Gard, Ph.D., Old Testament professor at Princeton, N. J., Theological Seminary and a classmate of Rev. Newquist, will deliver the message, "The Saint and the Sinner." Rev. Robert Williamson, Ph.D., pastor of First Presbyterian Church, Easton, will bring the charge to the congregation and Rev. Ernest Campbell, pastor of Stroudsburg Presbyterian Church, will deliver the charge to the pastor.

Rev. Frank Wingerter, of East Stroudsburg Presbyterian Church, will serve as moderator and issue the call to worship. Rev. Alexander Crossan Jr., of Middle Smithfield Presbyterian Church, will read the scripture and Rev. Newquist will pronounce benediction.

Robert Kranendonk is scheduled as baritone soloist and Carole Cramer will serve as organist for the service. Ushers will be Sterling Walter and Charles Balmoos. A reception at the parish house will follow.

Born in Arizona, Rev. Newquist received his early education in Burbank, Calif. He graduated from Princeton Seminary in 1944 and then was assigned as a Navy chaplain to the Sixth Regiment, Second Marine Division. His two and a half-year tour of duty took him to Saipan, Iwo Jima and with the occupation forces in Japan.

Returning from the Pacific he reentered Princeton and studied a year for his master's degree, concluding that phase in 1947. Then he served the First Presbyterian Church in Coalinga, Calif., until 1950 when he and his wife, a native of North Carolina, left for Scotland.

In England Rev. Newquist studied at the University of Edinburg for his doctorate. He also did missionary work and preaching while there.

Here he will continue his work toward the doctorate by working on his thesis. He returned to this country April 20 after two and a half years abroad.

Rev. and Mrs. Newquist are the parents of four children: Carolyn, 6, Sharon, 4, David, 2 and Patricia Sue, three months.

Club Reviews Registrations

Portland—Registration data was passed on to members on the Republican Club of Portland and Mt. Bethel this week by Ray Young, district chairman for the Republican party. Young spoke at the meeting Monday night at the local fire hall.

Registration will occur here Sept. 11. Last day to register for the general election is Sept. 28. Luther Ackerman, Stone Church, club president, presided. A buffet luncheon was served by ladies of the organization to 20 in attendance.

R. H. Cathcart Resigns Post At St. John's

The resignation of Robert H. Cathcart as organist and choirmaster at St. John's Lutheran Church was presented at the vestry meeting Tuesday night and regretfully accepted.

The young musician has accepted a position as instructor of music at the Pennsylvania Military College in Chester. For the past three years he has served as head of the music department in the Bangor High School and as organist and choirmaster in St. John's Lutheran Church here.

During his tenure as organist in the local church he developed a fine musical consciousness. He organized three choirs which he used at the various services during this period. The resignation will take effect after Oct. 4.

The vestry approved the reception of seven new members by the pastor, making a total of 13 since August 1. They also approved the holding of a youth service on Sunday night, Sept. 27 to be in charge of the St. John's Luther League. It was decided also to increase the insurance on the church property.

The building committee through its chairman reported the concrete will be poured this week for the new first unit of the parish house. Other matters pertaining to the structure were also decided. The committee on furnishing reported that information and prices are being secured for the furnishings of the entire church school.

The office of Dr. E. J. Dening will be closed Aug. 31st through Sept. 9th.—Adv.

Temple Israel Announces Election Of New Rabbi As Leader Of Congregation

A new rabbi has been appointed by Temple Israel, East Stroudsburg. He is Rabbi William Fierverker who succeeds Rabbi Maurice Idell as religious teachers of the local Jewish congregation.

Rabbi Fierverker was born in Wilkes-Barre. He attended public and Hebrew schools there until the age of 14, at which time he entered the Mesifta Talmudical Seminary in Brooklyn, N. Y.

From 14 to 18 years of age, he was enrolled in a pre-rabbinical course at the seminary. At the end of five years he was ordained at the age of 23 in Brooklyn in 1949.

While taking his pre-rabbinical training he attended City College of New York where he was enrolled in night courses. He received a Bachelor of Arts degree from CCNY in June, 1952.

Rabbi Fierverker was active in rabbinical work while working toward his degree. He has served as principal of the Hebrew School in the Williamsburg Settlement House, Brooklyn.

His interest in the welfare of young persons brought him into activity with the Inter-Yeshiva Student Council and the religious affairs of New York City.

He spent five months working and traveling in Israel and Europe arriving home in 1952. He has been teaching in Brooklyn since that time.

Rabbi Fierverker came to the East Stroudsburg Temple during July to conduct services. His appointment as rabbi of Temple Israel became effective Tuesday, Sept. 1, it was announced yesterday.

The new rabbi is married. He and his wife now live at 548 Main St. They expect to move into the residence maintained on Brodhead Ave., East Stroudsburg, by Temple Israel for its rabbis when the residence is ready for occupancy.

Assessor's Books Open To Public

Portland—The assessment rolls of residents, property and occupations of local people are now available for public inspection at Northampton County Courthouse, Easton, according to Frederick Parsons, chief county assessor.

Parsons said anyone desiring an appeal of assessments must submit a written statement. The assessments of 1953-54 is complete. Books will close Oct. 15, Parsons said.

Services To Be Held At Temple

Regular services will be held Friday at 8 p.m. in Temple Israel, according to Rabbi William Fierverker.

In addition to regular services a special post-midnight service will be Saturday (1 a.m. Sunday).

The special services are known as "Slichos." The service ushers in the Jewish Holy Day season.

"Slichos" is the only late-night service of this kind on the Jewish calendar.

The Legion Gathers

Thousands of veterans who wore the uniforms of our armed forces are gathered in St. Louis this week for the annual convention of the American Legion, 34 years after that small group of officers and men from the first American Expeditionary Force founded the Legion at Paris in March of 1919.

The Legion membership, approaching three million men and with another million members in its women's auxiliary, is a proud and powerful force in our land, and its possibilities for strong and continuing aid to the country are limitless.

For who can be better fitted to take an active interest in the affairs of government than those who have served it in the grievous wars in which our nation has participated?

There can be no better cross-section of our population than that included in the rolls of the Legion. Its membership contains the names of the distinguished and of the unknown. It includes those who devote the major portion of their time to Legion affairs and those who hold membership as evidence of interest but participate in no way in the activities of their posts.

Pennsylvania has always been a keystone of the American Legion, from the time when many of its men in uniform sat in the initial conference in Paris, and Pennsylvanians will be prominent in the program at St. Louis this week.

No republic active in world affairs can disregard the presence of its veterans' organizations. The American Legion remains a bulwark in supporting the continuing battle of its nation against the godless forces of Communism.

It Never Rains But . . .

We wish we could write today that the rains are due to pour down on our part of Pennsylvania any minute. Good heavy satisfying downpour in volume to relieve the parched earth and sweltering citizens. No cloudbursts please, to send the streams over banks and force residents of low areas to take to higher ground.

This has happened in Texas, where thousands of unhappy persons have been evacuated from the flat Gulf Coast area as new torrential downpours continue to increase their danger.

It never rains but it pours, is the way the old saying goes. That is apparently true in Texas, where in less than five hours a cloudburst bucketed down more than seven inches of the kind of water we in Pennsylvania would like to see, right now.

Those who study the weather maps, and that must include just about all of us during this present heat wave, can see nothing beyond the horizon in the way of major relief. Maybe we will get a few showers today or tomorrow, but the possibilities are just that and nothing more.

Meanwhile, lawns are parched, vegetable gardens are dust-dry, and with 100-degree temperatures observed here and there throughout the commonwealth the picture for farmers and amateur gardeners alike is not a happy one.

There's still water in the Delaware, though, even if it is possible to walk across that broad stream at many places. Cheer up, the rains will come, as they always have in the past, even if long delayed.

The last horse car was taken off the streets of New York City in August, 1917.

The Once Over

—by H. I. Phillips

Pfc. Parkey Follows A Line

("**India,** which often abstains, took a new course of 'not participating' in a vital U. N. decision. V. K. Krishna Menon, its delegate, said he did not wish to add to the heat of battle but would give anxious concern to all current problems" — news item.)

Dear General:

Well, I am sorry I will have to leave the Army, but the best I can give in the struggle of the free world against slavery is my anxious concern and this is to inform you that from here in I am not participating. While I am giving anxious consideration, Russia and the Korean and Chinese Reds will be giving us the works as usual, but I wish you would not bring that up. If a nation like India which voted the U. N. and me into a bloody war can say it is not participating when the chips are down so can a GI, I figure.

"**We are** marching toward peace," said the Indian delegate when he refused to participate not only in the vote of our side against the enemy, but even for the resolutions of tribute to the war dead. If he can march without getting his feet frozen, suffering fallen arches and getting ambushed why can't I? Indian says that for him to be 100 per cent with us would "add to the heat of the battle." Well, General, excuse me if I take the same attitude. I am all for this heatless battle stuff. You can't make war too air-cooled for me. Indian is a riddle inside of an enigma inside a card game inside of an old-fashioned waltz inside of a revolving door, I guess, and so am I. Please try to explain this to my top sarge. He is apt to misundertand things, especially this nonparticipating stuff . . . Incidentally, General, if they strike off any citations and medals for nonparticipation do not bother to get me one as I would rather not be seen with it and might feel as small as India which voted me into this shindig and then decided the best it could do for me was to show continued "anxiety" and a yet not to add to the heat of the trouble between me and the opposing artillery.

India says the Chinese and North Koreans are approaching the peace talks in a mood of reasonableness. Well, how he makes this jibe with the continued unfriendly acts and words of the Red Chinese and Mr. Vishinsky's fresh charges that the United Nations and Uncle Sam are the aggressor escapes me, but, of course, I am not too bright. Well, I hope the kids still getting drafted don't respond by just notifying the draft board they ain't participating that would make it tough, eh, General? You and I and India better keep this nonparticipation stuff quiet. (If this letter don't make sense take it up with the U. N. General Assembly. I am just following the very words of the Indian delegate and nobody tossed him into the guardhouse or demanded explanations, did they?) Yours nonparticipating but anxious, Oscar Purkey, PFC.

Hans Isbrandtsen, famous shipping magnate, who died this year, used to finance noon-hour concerts in Bowling Green, New York, during the Second World War . . . The other day the Isbrandtsen employees gave a memorial concert for him at the same hour in the same place . . . The shipping magnate got the idea from Paris where, as a young man he used to listen to band concerts in the small parks and squares during the leisure midday hours of workers . . . Nice idea, too . . . T. S. Eliot is out with a new play and the British critics say: "Audiences found it brilliantly entertaining although it left them wondering what it was about." . . . That's the test of a hit these days . . . Let the audience in on what you are driving at and you're sunk . . . The U. N. Crack of the Year Award goes to Henry Cabot Lodge for this one: "Mr. Vishinsky's trouble is that he misses so many golden opportunities to keep quiet." . . . The N. Y. Transit Authority is to spend a lot of money to repair and refurbish subway cars . . . It won't get around to considering repairs and restoration work on the customers for some time . . . The U. N. Security Council voted unanimously on one item last week and it was such a sensational act that, after a dose of spirits of ammonia, we investigated . . . Turned out the unanimity was on a resolution to have the Secretary General send out notices of what had been done by the body . . . It's nice to know the boys want to be kept informed on what they have done, if anything.

Robert S. Allen Reports

West Germany Equipped To Enter Atomic Energy Field

Washington — Western Germany is all set to spring, almost fully equipped, into the fateful field of atomic energy.

The Germans have a stockpile of more than 15 tons of uranium, a large staff of gifted scientists and skilled technicians, and considerable laboratory and other essential equipment — all quietly assembled in the last three years.

The uranium comes from the Schwarzwald Mountains in southwestern Germany, where mining of this crucial ore has been increasingly active since 1951.

All Western Germany needs is authority to start operating.

It is barred from doing that by the still-unratified peace treaty. But the Adenauer government is preparing to demand elimination of this curb, on the ground that West Germany should be allowed to "develop the peaceful uses of atomic energy."

That is the sensational report from members of the Joint Congressional Atomic Energy Committee who flew to the Belgian Congo to inspect the uranium mines that are the chief source of U. S. supply.

The legislators got this information from the British.

The group, headed by Chairman W. Sterling Cole (R., N. Y.) spent several days in London conferring with atomic authorities there. The latter talked about the German's secret plans and the extensiveness of their preparations to become full-fledged atomic producers.

The British indicated they suspect the Germans are engaged in certain illegal atomic activity.

The British officials also voiced emphatic opposition to permitting the Germans to enter the atomic field. This view was heartily seconded by some of the eight American congressmen.

Several expressed determination to summon Secretary of State Dulles before the full Joint Committee for a thorough discussion of this German matter.

Note: Recently, Dr. Ralph Lapp, former executive director of the Atomic Energy Commission's research and development board, was asked "How fast can the Russians produce atomic bombs?" Following was his highly significant reply. "The production of A-bombs is now largely a matter of obtaining the uranium, building the big plants that are required, and grinding out the A-bomb material. Russian production of 100 bombs per year is entirely probable, and it is well within their capability to step that up to one bomb per day. Their production rate will depend upon the completion of new plants they are building in the Ural Mountains."

One Expert's Opinion — An unusual document is being circulated by foes of the proposal to allow private industry to participate in the development of electricity from atomic energy.

This proposal is strongly favored by a majority of the Atomic Energy Commission, including Chairman Lewis Strauss. The issue will be one of the major controversies of the next session of Congress, and the Joint Atomic Committee has already held preliminary hearings on the matter.

It was one of these little-noticed meetings that provided the opponents with the ammunition they are already busily using.

It consists of a discussion between Representative Melvin Price (D., Ill.) and Dr. C. G. Suits, vice-president and director of research of General Electric Corporation and chairman of the Atomic Energy Subcommittee of the National Association of Manufacturers. It was in the latter capacity that he testified at the congressional proceeding.

In the course of this discussion, the noted scientist made two significant statements:

> Private industry is not now prepared to carry the full burden of developing atomic power.
>
> The Atomic Commission should vigorously press its activities in this field and build not merely one pilot plant but a number of them.

Following are the highlights of this discussion, which is playing an active role in the opening rounds of this momentous battle:

Representative Price: "In view of the fact that it is of the utmost importance to our country to hold pre-eminence in the development of nuclear power, does the National Association of Manufacturers have any recommendation as to what the Atomic Energy Commission should do?"

Dr. Suits: "It seems to me there should be no doubt at this point that no one in industry is prepared to propose that private industry can undertake this development (of atomic power) in its entirety. That is out of the question."

Price: "That has been the gist of most of the testimony before the Committee so far, that Industry would be placed under an immense financial burden if it attempts to do this job alone."

Suits: "It seems to me that what we should contemplate is that there will be an increase in participation by private industry in the development of atomic power and that this participation will increase as the goal comes nearer. But that is not now economically feasible. It is hoped that some day it will become so as stockholders money can be progressively diverted for that purpose. And for such private investment, we feel there should be a framework of private enterprise."

Price: "Do you feel that it is too early for the Atomic Energy Commission to divorce itself from this development and let private industry handle it alone?"

Suits: "Yes, I think it is definitely too early for that."

George Sokolsky Says . . .

U. S. Withdrawal From Korea Confab Would Have Been Backed By People

The game of international broker can only be played by the most brilliant minds. At that game, Talleyrand and Bismarck were masters. Woodrow Wilson tried it before and during the Paris Peace Conference and failed. Franklin D. Roosevelt tried it at Teheran and Yalta and he left a legacy of disaster behind him.

Nehru of India has placed himself in the position of being an international broker between the Eastern and the Western worlds. His main objective was to raise the stature of India as the leading power in Asia, the successor to Japan.

The first battle was with Great Britain, which granted India its independence within the Commonwealth. The Indian empire had been split into two separate countries, India and Pakistan.

From Nehru's standpoint, India was in a precarious position, which became increasingly more difficult as Communist China emerged as an imperialistic military power, seizing, as one of its first acts, Tibet, thus directly menacing India. Furthermore, as Communist China's ambitions in Indo-China and Thailand became more apparent, India was definitely in peril.

Therefore, Nehru, with that twist in logic for which Orientals are so famous, joined up with the menacing power, while exerting political blackmail on the only European nation that had any interest in protecting India. The form of blackmail used is the constant threat of withdrawal from the Commonwealth.

With its troubles in Egypt, in Iran, in Malaya, Great Britain cannot afford to have any member of the Commonwealth secede at this time. Furthermore, the relationship between Great Britain and the Union of South Africa might also pull out. Then there is little Ceylon, rich beyond our imagination in essential raw materials. It might follow India.

Therefore the British have been forced to take Nehru seriously and often to capitulate to him. Having tied up this arm of his problem, Nehru manipulated himself into the role of broker for Soviet Russia and Communist China in the United Nations. Adopting an attitude of neutrality in the Korean War, Nehru also became violently anti-Formosa, this often involving him in an anti-American attitude.

Nehru could well afford to be anti-American because he realized that our policy was to support Great Britain at any cost. All he needed to do to get the Americans to weaken their own position was to squeeze the British, who immediately put pressure on Dean Acheson's State Department, which capitulated. It was a smart game while it lasted. It produced the pro-Russian Korean truce, which is humiliating to the United States.

But it is precisely in that that Nehru made his mistake. The United States, despite its huge losses in men and wealth, does not take its foreign relations as seriously as it should. But the American people do take the humiliation seriously. The Korean War is the first in which we have been defeated. As skillfully as the Washington psychologists try to cover up the defeat and its causes, so increasingly resentful do the American people become.

It is impossible for anyone, President Eisenhower or anyone else to explain why when Generals MacArthur, Ridgway, Van Fleet, and Clark say that they could have won the Korean War, we lost it. It is impossible for anyone to explain why we signed a truce giving the Chinese Communists a victory, leaving them the means for the conquest of South Korea and for a major war on Japan.

Our people are not fools. They may not know all the little names on the map. They may not be able to speak half a dozen queer languages. They may not know all the refinements of psychological warfare. But they know when they have been had. And when they discover that, they get sore. They know that the trickster in this situation is India.

And if India had sat on the Political Conference, it could have developed that public opinion in this country would have supported a movement for us to get out of that Conference and to go it alone. Almost too late, the British realized that the antipathy in the country is not just another American twist of the British lion's tail. It is so strong and fundamental that it could have destroyed the whole structure of Anglo-American relations.

And maybe Nehru now understands that treachery does not pay.

Looking At Life

—by Erich Brandeis

If by some remote chance any of you folks happen to be related to the James Gibson clan of Sutton, Surrey, England, you will be glad to know that every past member of the family is in his or her grave, properly accounted for.

The Rev. R. W. Dale has just opened and closed again the massive door of the Gibson tomb and certified that every Gibson buried there is still present and has not strayed from the fold.

When James Gibson, a wealthy London merchant, died 176 years ago, he left a sum of money in trust for the annual maintenance and inspection of his tomb as insurance against any post-mortem gallivanting of any of his heirs and descendants.

Even in those days there were black sheep in almost every family and James Gibson did not want to take any chances on the Gibson family getting a bad name.

He specified in his will that every year the rector of the village church should open the family tomb to make sure that everything was all right, and so certify. This has been done since 1778, the first year after James died and thus all the paragraphs and codicils of his will are still obeyed.

It seems to me that all too many people pay entirely too much attention to what happens after their demise.

Almost daily you hear of wills that are pages and pages long and make a number of almost unfulfillable provisions.

Thus long litigation ensues, and by the time the testators' estate is distributed, the only people who really benefit are the lawyers.

It reminds me just a little of a law just passed in Victoria, B. C., which provides that hunters may no longer hunt ducks with cannons.

An old, old Canadian law made it legal to use "gun, cannon, pistol, rifle, revolver or fowling piece." But that is no longer allowed. Hereafter, only shotguns may be used.

I don't think it makes much difference to a duck whether he is killed with a shotgun or with cannon, pistol, rifle, revolver or fowling piece. A dead duck is a dead duck.

By the same token, I don't see where it should make so much difference to a human being how his money is disposed of after he is dead and buried, as long as his family is provided for.

If the wrong people get it in the first place, another set of "wrong people" will get it away from them. And the same set of lawyers will serve both for a reasonable fee.

Everybody should make a will, of course. That is no less reasonable than that everybody should have a life insurance policy on himself or a fire insurance policy on his home and his automobile.

I think if I were a wealthy man — and not being one, I am doing it anyway — I would leave everything unconditionally to my wife.

A lot of men think that their wives don't know how to handle money. Well, if they didn't, I bet you that a whole lot of rich men wouldn't have nearly so much to leave to their wives, if those same wives hadn't known pretty darn well how to handle money.

You're Telling Me

—by William Ritt

Harold E. Stassen is giving an intelligence test to the 1,700 employes of his Foreign Operations administration. Now we'll see just how far that Fifth Amendment goes.

It's easy to see why doctors are the highest income profession. They get paid for practicing.

After last fall's campaign arguments, the Republicans are a bit worried over the possibility of a rise in the national debt. Two hundred and seventy-five billion is big enough without its getting elephantine.

The late Democratic administration pegged the debt by law at two hundred and seventy-five billion. Now the question is, what is meant by "We can do it better."

Senator Byrd says taxes have about reached the point of "diminishing returns." If taxes ever do reach that point, they'll be about even with money.

Tax returns and election returns used a lot in the same sentence up to last Nov. 4. Now they're polls apart.

Try and Stop Me

—by Bennet Cerf

The parson, attempting to console a widow, sighed, "We seldom realize the value of a thing until we lose it." "I ain't going to realize a thing now," mourned the widow. "He wasn't even insured."

Robert Frost, the poet, attended a fair in Arlington, Vermont, where one of the town's richest — and dullest — socialites buttonholed him, cooing, "Dear, dear Mr. Frost! I was simply ma-a-ad about your last poem." Visibly surprised, he asked, "Where did you get hold of that poem?" The lady explained, "It was wrapped around a nice old pot I bought at the antique shop."

Boris Karloff visited a drive-in theater near Los Angeles. Back at the studio next morning, he reported, "What the patrons at driveins seem to crave most are pictures so heart-breaking there isn't a dry windshield in sight."

New York Confidential

—by Lee Mortimer

Little Red Herrings: There are at least 10,000 Communists or fellow-travelers, many in sensitive spots, on the federal payroll at this moment. Ike, what are you gonna do about it?

Politics on the Potomac: How come that in every department of government, except for the figure-head at the mahogany desk, all key positions are held by hold-over Democrats. I've nothing against Dems. (once I was one, too) but didn't we vote for a change?

There is no society: The Dan Toppings arguing out loud (is that new?) . . . Oleg Cassini carrying torch for Gene Tierney (who is supposed to be carrying it for Aly Kahn because he's got another) . . . Carole Marcus getting the build up from Charles Addams, who draws those weird cartoons. Well, why not? She was married to Saroyan . . . Susie Stephenson Guinle Schrafft Viega, etc. etc., expects to be severed from her rich Brazilian husband in the Fall. Meanwhile John Clarke of the Southampton Clarkes, if you please, is making life bearable . . . Did anyone mention that the Marquis de Cuevas, the party-thrower, once had an adopted son (a Florida lifeguard named Tommy Chatfield) and disowned him when Chatfield got married?

People's Cheerce: No, no, boys. That's not Dewey secretly supporting Impy for re-lection as mayor, that's Pres. Eisenhower, though for public consumption he prefers Riegelman, natch. The Ike-before-Chicago crowd is on the Impellitteri band - wagon. Impy headquarters are at the Marguery Hotel where Ike's pre-convention ones were with the same backers including Bill Zeckendorf (who owns the hotel) though he may deny it . . . Riegelman nomination by Republicans is part of ancient deal between local GOP and Tammany never to elect a Replblican mayor if possible. Insiders say if GOP really wanted to win, it would have shifted Congressman Latham to top spot, or nominated State Senator Sy Halpern, their biggest vote-getter or Bob Moses, a run-away . . . George E. Thompson, aid in Borough Prexy Wagner's office, called in city employes and told them unless they show they're for "the right man", meaning Wagner for mayor, they'll be bounced. He's leader of the 3rd A. D., if you want to know.

Cops and robbers: Bill Whelan, who led the thrilling raid in the high Sierras which resulted in the capture of the fugitive Reds, was until a couple of weeks ago, the asst. special agent-in-charge of New York FBI office under Lee Boardman, another great sleuth. Notice how the G-Men always answer criticism with deeds? Incidentally don't those panners realize Hoover and the FBI have to take orders from their superiors and enforce laws which personally may be repugnant to them, and they can't pop off, either . . . This won't cure the crime-wave but it'll help: Raise cops' salaries and hire more of 'em. Maybe costly, but cheaper in the long run.

The Gentagonians: Gambling rife in many Army and Navy posts . . . Set-ups frequently operated by enlisted men who were pros in private life. They kick back to higher-ups . . . Communists make use of bookmakers and babes to seduce officers in sensitive spots, then when they've got them hooked, blackmail them for the "secrets" . . . Many procurement officers in the clutches of shylocks . . . Dope is a two-way racket: Outgoing through theft from medical stores. Incoming by sale to personnel . . . Top brass knows this. Refuses to "investigate" for fear of weakening morale . . . Tut a Tut!

Strictly not personal: Everyone's rushing Diana Herbert, but crooner Richard Hayes runs fastest . . . Looked like Lex Thompson, the big sport-and-money man, holding hands with Joanne Tree, a bit player who's a pretty bit, at the Viennese Lantern . . . What's the odds on a re-run of the Joe E. Lewis-Nejla Ates romance when he opens at the Copa Sept. 21? Lou Walters is holding over the Turkish tummy-tossers at the Latin Quarter long enough to make it possible—not because he's Cupid but because she's the most sensational show stopper he's ever had . . . Gordon Jenkins has another "Manhattan Towers" in "Seven Dreams" due Oct. . . . That hush-hush Project X at Luce's is a new sports mag . . . Raves and cheers for Peter Lind Hayes and Mary Healy at Miller's Riviera.

New York Not Confidential: Miguel Lopez, the Argentine and Betty Betz, doing the town between tangoes . . . Chip of the old block: Young Irwin Kramer, who stepped into his late pop's shoes as boss of the Edison Hotel to do an outstanding job . . . Dorothy Lansing, the publicist (is that the same as a press agent?) is the gal who broke her leg at the Kinsey interview at the Astor. She was so excited she fell over a vacuum cleaner . . . Hurray! Ted Collins brings his cracker-barrel back to the Kate Smith Show, Sept. 21 . . .

About three and one-half pounds of wool are used in a man's suit.

Council Calls For Bids On Extension Of Sanitary Sewers

Project To Cover Plant Improvements

Bids on extension of sanitary sewers throughout West Stroudsburg, the last portion of the borough without sewers — and for modernization and expansion of the sewerage treatment works were called for by Stroudsburg Council last night.

All bidders on the projects, estimated to involve an outlay of some $180,000, will be asked to allow their bids to stand 60 days.

Reason for the 60-day holding period is that a bond issue must be floated to help defray the cost. It will take about 45 days to perfect the issue, get it approved by Department of Internal Affairs and then advertise the bonds for sale.

Council also approved a plan to have Morgan, Lewis and Backius, Philadelphia, act as bond advisory attorneys for the issue.

Part of the cost of the treatment works improvement will be paid by the commonwealth. Legislation granting $55,000 towards this project passed the last session of the legislature and has been signed by Gov. John S. Fine.

The board agrees to grant Pennsylvania Power & Light Co. right-of-way over the old stone-crusher property near South Stroudsburg for a new high voltage line the company intends to run here from its new generating plant at Martins Creek. Consideration for the right-of-way was fixed in the ordinance at $200.

Edward C. Hess, engineer, advised council that Water Powers and Resources Board is considering a flood control project for Brodheads Creek from a point north of the State Bridge to the junction with McMichaels Creek.

If they approve the project it will mean they will pay all of an estimated $40,000 expenditure except 15 per cent. That amount will presumably be divided between Stroudsburg, East Stroudsburg and the County of Monroe.

Council also called for bids on restoration of about 150 feet of rip-rap on the east bank of Pocono Creek, near the West Main St. bridge.

ADDITIONAL NOTICE
TO ALL WATER CONSUMERS

On account of the increasing seriousness of the water situation the use of water for all outside purposes is now prohibited. This especially applies to the washing of automobiles. The response to our restriction has been very gratifying and we trust that no one will assume to defy these very reasonable restrictions until our reservoirs are in normal condition, of which due notice will be given.

Dr. Andrew Advises Council Health Officer Won't Allow Him To Sign Certificates

A complaint to Stroudsburg Council that he had been told he could not sign health card certificates for persons employed in food handling positions was filed last night by Dr. William E. Andrew, Stroudsburg.

Council told Dr. Andrew his complaint must be filed with the Board of Health.

At the same meeting the Board of Health advised council that there are obvious irregularities in some health cards, indicating that they do not comply with the new health ordinance which council adopted at the specific request of Monroe County Medical Society.

The board feels, council was advised, that there is ground for a case involving a mere filling out of the card without a complete physical examination.

Cards were shown in which one woman grew a year younger and much shorter this year over last year. There are other glaring inconsistencies in some cards.

Council advised the board they should proceed under the ordinance, hold a hearing under the ordinance and apply any penalty involved once such a violation is proven.

Borough Solicitor George T. Robinson will represent the board at a hearing to be set up by the board of health.

Dr. Andrew said Health Officer Samuel Van Gordon was "arrogant" when he told Dr. Andrew he could not sign health cards. Dr. Andrew cited his long experience in medicine and surgery here and said he is fully licensed, even though he is retired.

The physician said if he gets no action from the Health Board he will reappear before council, file a complaint with the Monroe and the Medical Society of Pennsylvania.

WVPO Names C. S. Miller As Manager

Chester S. Miller has been named manager of Station WVPO.

He replaces Elton P. Hall, recently made assistant general manager of The Daily Record.

Hall will now devote full time to The Daily Record.

Miller came to Station WVPO as a salesman in October, 1949. He was made sales manager in 1951. Last June he was appointed assistant station manager.

An East Stroudsburg native and a graduate of East Stroudsburg High School, Miller attended Rider College, Trenton, N. J., and was graduated in 1941 as a business administration major.

Three years in the Quartermaster Corps followed. After his discharge Miller rejoined the Kaiser Metal Products Co., Bristol, Pa., for about a year.

Returning to Stroudsburg, Miller became a salesman of electrical appliances. He joined the radio station staff when Pocono Broadcasting Inc. took over the station in 1948.

Mr. Miller is married to the former Betty Barry of Stroudsburg, and has a daughter, 13 months old. The Millers live at 1527 Spruce St., Stroudsburg.

He is a member of the Elks, American Legion, VFW, and the Stroudsburg Methodist Church.

No Passing Zone Set Up On Route 611

A stretch of 4,800 feet on Route 611, just north of Stroudsburg borough limits, recently was declared a no-passing section for southbound motorists traveling the three-lane artery.

Monroe County State Highway Department officials reported the extension in the vicinity of the CLU Park, was declared a potentially dangerous spot for motorists under the existing pass-all conditions.

Approval to prohibit southbound traffic from passing was given June 30 and last week highway workers moved their equipment into play to paint a solid line along the stretch. The distance takes in three curves, which was one of the reasons for the highway department's action, it was learned.

Funeral services were held at Warner funeral home for Emma Elsie Metzgar yesterday afternoon. Rev. Donald Engler officiated. Interment was made in Laurelwood Cemetery.

Pallbearers were Floyd Klingle, Howard Merring, Perry Fritz and Robert Eilenberger.

Woman Dies Nearly Month After Suffering Severed Jugular Vein In Accident

A 25-year-old woman who was discharged from the General Hospital, East Stroudsburg, August 25 after being admitted August 9 following a two-car collision near Scotrun, died there early yesterday after being readmitted.

Mrs. Helen Brophy, of Westfield, N. J., suffered a severe laceration of the neck in the accident in which the car driven by her husband went out of control, crossed the divider on Route 611 and crashed into another car.

An unidentified woman was reported by physicians to have saved the life of Mrs. Brophy by stuffing cloth into her gaping neck wound and applying pressure at the pressure point in the shoulder to reduce the flow of blood to the cut jugular vein.

The identity of the coolheaded woman never was learned. She drove on after ambulance drivers arrived and took over.

The second car was driven by Harris Jacobs, 23, and occupied also by Jacobs' mother, Mrs. Libbie Jacobs, and sister, Miss Florence, 18, all of Scranton.

The Jacobs car spun when hit by the Brophy vehicle, crossed the divider and went over an embankment. It was completely demolished.

In the Brophy car, besides Mrs. Brophy and her husband were their children, Joseph, 3, and Kenneth, 2, and Brophy's sister, Miss Mary Brophy.

Mrs. Brophy was the only one seriously injured, although five were admitted to the hospital. After being discharged she went to the home of her father-in-law in Carbondale to recuperate. There she suffered internal bleeding Tuesday night and was admitted to the hospital at 10:20 p. m. She succumbed at 6:10 a. m. yesterday.

Dr. Claus G. Jordan, chief surgeon at the hospital, said Mrs. Brophy died as a result of secondary hemorrhage as physicians were preparing her for emergency surgery.

Dr. William E. Andrew, county coroner, said he will issue a certificate showing Mrs. Brophy died as the result of injuries received in the August 9 accident.

Trooper Robert Latzo, Mount Pocono State police, who investigated the crash, said last night he will consult with District Attorney Elmer Christine Friday concerning any further investigation or prosecution. Christine is out of town and expected home then.

Funeral services will be conducted at the Andrew Dooley funeral home, Cranford, N. Y.

Truck Travel Restricted For Holiday

Harrisburg—Operators of Pennsylvania's one-half million trucks will again confine operations to emergency service over the Labor Day weekend as a courtesy to the holiday motorist.

The Pennsylvania Motor Truck Association said yesterday it has asked all truck operators to hold deliveries to an absolute minimum during the three-day holiday period.

"Only critical items should be moved in heavily populated area, and in the 4,000 keystone communities served only by truck," the association emphasized, adding:

"**Holiday traffic** this Labor Day weekend may be the heaviest in history and curtailment of trucking operations will do much toward relieving the burden on our crowded and inadequate roads."

The association urged all motorists to drive safely, and offered this advice from experienced truck truck drivers:

"Keep your hands on the wheel, your eyes on the road, observe the speed limits, and remember good manners make safe driving."

Miss Patricia Keim, of Ironia, N.J., is spending the week with her uncle and aunt, Mr. and Mrs. Clifford B. Hauser. To initiate her visit, the Hausers had as guests at a lawn picnic dinner Sunday her parents, Mr. and Mrs. Frank Keim, Nancy and David Keim, Mr. and Mrs. Norman Dennis, Sally, Kathleen, and Jean Dennis, of Poplar Valley.

Fred Kays has taken employment as night man at the diner in Mount Bethel.

Mr. and Mrs. Delbert Davis and sons David and Frank spent the week in Laurel Run, Wilkes-Barre, with Mr. Davis' parents, Mr. and Mrs. D. J. Davis. This week the parents are returning the visit and spending a week in Water Gap.

Mrs. Elwood Waite and daughter Linda returned to New Brunswick, N.J. after spending a week with Mrs. Waite's parents, Mr. and Mrs. Friend Akers. Mr. Waite was here for a weekend. This week Mrs. William Fish, Barbara and Ronald Fish, of Rose Street, East Stroudsburg, will go to New Brunswick to visit the Waites for a week. Mr. Fish will join them for the weekend. An added pleasure will be having their nephew, Richard Quick of East Stroudsburg and Mrs. Quick with them for a Saturday trip to the sea shore. Richard is in the Navy. He was home last Friday night and this Thursday begins his 15-day leave, which he will spend with his wife at the shore. His base is Norfolk, Va.

Frederick Gehm has been sent to Camp Dix, N.J., for his eight weeks basic training.

Mr. and Mrs. Andrew Emil have rented the Kase bungalow on Broad Street and will live there until M. Emil's work with the new road is finished.

Otto Gehm has put in over 200 feet of new 1½" water pipe from his Cherry Creek Lodge up to Broad St. Using a front-loading caterpillar he was able to have the deep trench dug and refilled in two days.

Police Chief Fred Decker is reminding Gap residents that it is more than ever necessary to obey the fire company request that rubbish and garbage burning be done after the dew falls at night. The dry state of things makes this imperative.

Freddie Jennings accompanied Mr. and Mrs. William Snow and son Ricky to North Tonowanda, N.Y. recently. They visited Mr. and Mrs. Thomas Durick and family. Mrs. Durick is a sister of Mrs. Snow and Freddie.

The "cool" photo appearing in Tuesday's edition of The Daily Record, showing a winter-scene of a Delaware Water Gap home, was furthered identified this week by the man who built the structure. Layton Osborne said it was the first cabin he erected several years ago, and was first occupied by Mr. and Mrs. Waunker.

School Board Candidate Withdraws

Bangor—George Remagen, Democratic candidate for one of four school directorships here, has withdrawn from the race.

The withdrawal was confirmed by Remagen last night, but he offered no reason.

Sept. 1 was the deadline for filing withdrawals at the Courthouse in Easton. Remagen entered his withdrawal that day.

Bangor Democrats now have until Wednesday to comeup with a replacement for Remagen.

Remagen was appointed to the school board in May 1952, succeeding Edward Finkbeiner, who resigned.

The other three Democratic candidates are Mrs. Paul Matlock, Thomas Naylor, both for six-year terms, and Merle Mabus, two-year term.

Republican candidates are David Stoddard, Albert Docking, Dr. Nicholas Cascario, all for six-year terms, and Elwood Freeman, two years.

Bangor Board Elects Music Supervisor

Bangor—Borough School Board members last night accepted the resignation of a music supervisor and hired another.

Resigning was Robert Cathcart, a native of Philadelphia, who has accepted the position of director of choral groups and the band at Pennsylvania Military College, Chester.

Cathcart holds a bachelor's degree in music from Temple University and a master's in music from University of Pennsylvania. He came to Bangor in the Fall of 1949.

Named by school directors to take his place was Donald White, who joined the borough school system last year as band director.

White is a native of Butler, N. J., a veteran of three years service in the U.S. Army and a graduate of Manhattan College of music, New York, with a bachelor's degree in 1950 and of Columbia University with a Master's in 1951.

Storch Given Life Sentence

Butler, (AP)—Ernest E. Storch, convicted two weeks ago of hiring two Pittsburgh men in the slay-for-pay murder of his wife, was sentenced yesterday to spend the rest of his life in Western Pennsylvania Penitentiary.

Storch, a balding 50-year-old mechanic, heard visiting Judge J. Frank Graff pronounce sentence on him without any show of emotion.

Richard Haines, Pittsburgh, contact man with the killers for Storch was given one to two years in Allegheny County Workhouse on a count of conspiracy to defraud. He received $1,500 as pay for locating the hired killers. Haines' term will start from last Feb. 28, the time of his arrest, by court direction.

THE ICEMAN COMETH. With apologies to Eugene O'Neill, that seemed like an appropriate slogan for yesterday's torrid temperatures. Here Harvey Burch, manager of the Stroudsburg Ice and Coal Co., watches as a mechanical relay whips 500-pound cakes from interior of the icehouse to loading platform where iceman Donald Singer waits to slide them on his truck. David Coffman, 66, Fatally Stricken In Paradise Twp.

Mount Pocono—David Coffman, 66, of Woodland Rd., Paradise Township, died at his home last night at 8:45.

He was stricken suddenly while seated on his front lawn talking to his wife and Samuel J. Smith. Dr. E. O. Headrick, of Mount Pocono, was summoned and issued a certificate of death resulting from a heart attack.

A native and lifelond resident of Paradise Township, Mr. Coffman had been employed by the National Drug Co. at Swiftwater for 25 years.

Surviving are his wife, Ann Bush Coffman, and a daughter, Miss Natalie Coffman, at home; another daughter, Mrs. Harry Miller, East Stroudsburg; six brothers, Thomas, Theodore and Fred, all of East Stroudsburg; George, Swiftwater; William, Cresco, and Richard, Newark, N. J.; two sisters, Miss Margaret Coffman, East Stroudsburg; and Mrs. Frank Godfry, Endicott, N. Y., and a number of nieces and nephews.

Funeral services will be held Saturday at 2:30 p. m. at the late residence. Rev. W. F. Wunder will officiate and interment will be in St. Paul's Reformed Cemetery, East Swiftwater. Friends may call at the residence after 5 p. m. Friday. Lanterman funeral home has charge of arrangements.

Shoe Repairs Not Subject To Sales Tax

Harrisburg, (AP) — The Revenue Department ruled yesterday that shoe repairs are not subject to the new one per cent sales tax.

The decision means that shoe repairmen will pay the sales tax on soles, heels and on other supplies they buy. The extra cost may be added to the repair bill without specifically listing the levy.

In another development the Commonwealth found itself in the quandry of indirectly paying the tax on state construction work although the law specifically exempts state and municipal agencies.

Here's how it happened:

The Sales Tax Bureau ruled that a contractor who buys material to be used in state construction work must pay the tax as the ultimate consumer.

He has the right, however, to include the sales tax in his costs which he can pass on to the Commonwealth.

In road construction, for example, a contractor who buys cement or steel must pay the sales tax to his supplier. He in turn can include the cost of that sales tax in his contract bid with the Highways Department.

Rev. Killion To Speak At Annual Dinner

Rev. Edward Killion, Tobyhanna, will be the speaker at the annual fall dinner meeting of St. Matthew's Holy Name Society at 7 p.m. Wednesday.

The session will be at Willow Dell House, just off Route 402 in Minsink Hills.

Rev. Killion has served as a Vatican representative at Geneva, where for six years he worked with Catholic refugees. Before that he was a chaplain in the US Army in Africa and the South Pacific.

He is at present on duty at the Redemptorist Retreat House at Tobyhanna.

The old Spanish province of New Mexico extended from the Mississippi to the Pacific and had no set northern boundary.

DEATHS

SLOCUM, Mrs. Jennie, in Stroudsburg, Wednesday, Sept. 2, aged 75 years. Relatives and friends are respectfully invited to attend funeral services Saturday, Sept. 5, at 10:30 a. m., from the Dunkelberger & Westbrook funeral home. Interment in the Stroudsburg Cemetery. No viewing.

Two Escapees Recaptured

Lewisburg (AP) — Two prisoners who walked away from the U.S. penitentiary here last Friday and eluded a widespread search for five days were captured yesterday 18 miles west of Lewisburg.

The escapees surrendered meekly to agents of the Federal Bureau of Investigation after a storekeeper at nearby Gleniron spotted them in a cornfield, reported acting warden M. S. Richmond.

Richmond identified the pair as Winford Coleman Starkey, 25, alias William R. Wayne, Clarksburg, W. Va., and George J. Burley, 32, alias Fred Sieju, Saratoga Springs, N.Y.

Park Pool Closed One Week Early

Bangor—Memorial Park swimming pool closed for the season yesterday, one week ahead of schedule.

Park officials listed two reasons: (1) No water and (2) poor attendance during the past week.

Leroy Albert, manager of the park, said the pool water had not been changed for three full days. Bangor Water Co., Albert said, is now preparing to hook up a 1,000-foot extension to an electric booster.

This booster would "equalize" water pressure throughout the company's service area.

Frederick Baker, manager of the water company, said last night the "hook up might be made by tonight giving subscribers in the high level areas (notably Roseto Bangor and Washington Township) more pressure."

"No real shortage of water exists in Bangor" Baker said. The water company manager is at present patrolling communities asking residents to conserve on water as much as possible, he said.

Drought Hits Fish, Game

(Continued from page one)

Also contributing to this destructive pattern is the fact that most edible material in the woods is far too tough to eat in hot weather, Lohmann said.

Monroe County Fish Warden Floyd Bachman said last night the drought situation locally had created "terrible conditions" for fish.

"Lots of the streams have gone dry," Bachman said. One of the real dangers during a dry season, however, is extra pollution of streams, Bachman warned.

With less water available in streams to carry away polluted material, even normal pollution may create a "dangerous" situation.

All Monroe County residents, industries and resort operators are requested to be extremely careful about dumping of waste matter during the current hot, dry spell.

One of the biggest worries game and forestry officials have now is the coming Labor Day weekend.

A bumper crop of campers, motorists and carelessness is expected.

Game officials joined last night with district foresters in pleading with all vacationers and local residents to exercise extreme caution with fire, cigarets and matches.

The slightest spark may spell disaster for thousands of animal residents of the Poconos, game officials warned.

Although the one-humped and two-humped camels look very different and are suited to different climates, there is little real anatomical difference between them.

Christmas Lights To Be Discussed By Businessmen

Despite the weather, members of the Stroudsburg Businessmen's Association will talk about Christmas lighting for the borough at a meeting at 6 p.m. Friday at Wyckoff Tea Room, Stroudsburg.

The session will be the first planning meeting of the Fall season. Also on the agenda is discussion of a number of Fall sales promotion plans sponsored by the association.

The dinner meeting is being arranged by Ted Getz, president, and committee members Jack Kerlin, A. A. Widmed and Ernest H. Wyckoff of Wyckoff's, Donald Hayes of Newberry's, Charles E. Cather of Montgomery Ward, and Henry Kresge of Sears.

Registrars At Portland September 11

Portland—Registration for the general election is scheduled for Friday, Sept. 11, at the town hall here, Northampton County Registration Commission has announced.

Registrars will appear at the town hall from 1 to 5:30 p.m. and again from 6 to 9 p.m.

Other Slate Belt communities will follow the following schedule: Monday, Sept. 14, in Bangor, at the Bee Hive Youth Center; Tuesday, Sept. 15, East Bangor, at the town hall; Thursday, Sept. 17, Centerville, Stone Church at Christ Church; and Friday, Sept. 18, in Roseto, at the town hall.

Last day for Northampton County residents to register for the general election is September 28. Beginning Sept. 22 the county court house office will be open until 9 p.m. for late signers.

Persons who have failed to vote in the past two years are required to register. General election will occur November 3.

Mrs. Slocum Dies At Home On Park Ave.

Mrs. Jennie Slocum, 75, died at her home, 204 Park Ave., Stroudsburg, at 7:15 p.m. yesterday after an illness of several months.

She was the daughter of the late Wesley and Rebecca Slocum and was born in Plymouth, Pa. She had lived in Monroe County all her life.

Mrs. Slocum attended Grace Lutheran Church in East Stroudsburg.

Surviving are one daughter, Miss Marian Slocum, Stroudsburg; one son, George W. Doolittle, East Stroudsburg; one brother, Benjamin Slocum, Stroudsburg, and a sister, Mrs. Eva Hartman, East Stroudsburg; one granddaughter and neices and nephews.

Funeral services will be held Saturday at 10:30 a.m. at Dunkelberger and Westbrook funeral home, Rev. Roger C. Stimson officiating. Interment will be made in Stroudsburg Cemetery. There will be no viewing.

Rifle Group Meets Tonight

First meeting of the season of the Marine Corps League Junior Rifle Platoon will be held at 7:30 tonight in the Armory, East Stroudsburg.

Any boy from 10 to 16 years old in Monroe County is eligible to join. E. E. Boone, of Buck Hill Falls, is the commandant. Meetings will be held the first and third Thursdays of each month.

As an added phase of the platoon's activities this year, a course in hunters' safety will be given under the supervision of Jacob Kintz. This will cover safety rules in the handling of firearms and will be open to adults. The course is sponsored by the National Rifle Association.

The boys also will engage in firing 22-caliber rifles on the range, judo practice and drill work.

Escapes Prison

West Chester (AP) — Norman Maisenhelder, 23, awaiting trial for the murder of his wife, 17, escaped from the Chester County Jail yesterday by climbing over a 20-foot stone wall that encircles the prison.

About 28 per cent of the people of Wales speak both Welsh and English, and 2 per cent speak Welsh only.

About two-thirds of U. S. adults use eyeglasses.

Injunction Proceedings Continued

At request of counsel the injunction case between Patterson-Kelley Co. and Line Material Co., East Stroudsburg, was continued yesterday by President Judge Fred W. Davis.

Judge Davis was told by attorneys for the two neighboring companies that Patterson-Kelley, the plaintiff, wants to study the stipulation for settlement which emerged from meetings the previous day—and might wish to make some changes.

If the stipulations are signed, the court will be advised and the settlement authorized. The preliminary injunction was granted against Line Material after the other firm complained that new construuction at the Line Material plant was creating drainage problems for Patterson-Kelley.

Church Sets Up New Archdiocese

Washington, (AP) — The Roman Catholic Church organization in the United States has been increased by a new archdiocese and two new dioceses in Connecticut, it was announced yesterday by the Apostolic Delegate here.

Archbishop Amelto Giovanni Cicognani also said Pope Pius XII has appointed four new bishops and elevated three others, two to the rank of archbishop.

The diocese of Hartford, Conn., which formerly comprised the whole state, now becomes an archdiocese and the present bishop of Hartford, Henry J. O'Brien, 57, becomes an archbishop.

New dioceses of Bridgeport and Norwich are established.

Two Boys Suffer Injuries When Auto Strikes Bicycle

A bicycle without lights was struck and two boys injured by a car on Route 611 a mile north of Stroudsburg last night.

Treated for a head cut, and bruises on the arm and leg was Ernest Lesoine Jr., 14, son of Mr. and Mrs. Ernest Lesoine Sr., East Stroudsburg RD 3.

His passenger, Thomas Bartleson, 13, East Stroudsburg RD 3, was treated at the General Hospital dispensary and released. Lesoine was kept at the hospital for observation.

Driver of the car, Stroudsburg State police said, was Rocco J. Coco, 38, of 420 Main St., Stroudsburg, who was driving south at 8:20 p.m.

Coco told Pfc. Don Henzey and Pfc. Alex Kearn that an oncoming car started to pass another vehicle and the lights of the car in the center lane blinded him for a moment.

He told police he saw the boys on the bike at the last moment, swerved as far left as he could without hitting the oncoming car.

Police said the right vent window on Coco's car evidently struck one of the boys. The bike went out of control and fell to the pavement.

Police said a half-dozen stitches were required to close the cut in Lesoine's head. Police learned the lads had been swimming at CLU park nearby and had overstayed their time. It got dark before they started home on the light-less bicycle.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your keynumber. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Program Announced For Fall District Conference Of Federated Woman's Clubs

Preceding the opening meetings of the individual federated Women's Clubs, a conference of the Northeastern District, Pennsylvania Federation of Women's Clubs will be held on Friday, September 18, at Keystone Junior College in Factoryville.

Reservations for the luncheon must be made by local women who plan to attend by September 11 with Mrs. Harry L. Shinnen, county federation president, at Cresco 3311.

Theme of this year's district conference is "Fall Harvest" and Mrs. Warren N. Edson, vice president in the Northeast District will preside at the meeting which begins at 10 a. m.

The morning session will feature federation workshops on Senior - Junior Relationships, finance, universal membership and program planning. A special junior conference has been planned to follow the luncheon.

Richard Thomas of the New York Times is to be the guest speaker at the afternoon session on the theme "America the Constructive World Force." Mr. Thomas has served as foreign correspondent in Europe, Asia and Africa. He participated in the D-Day invasion of North Africa as a civilian and set up radio programs of news and truth and transmitted radio orders in French from General Eisenhower to the French Resistance movement. He served as an Air Force Intelligence Officer in the Pacific and is now on the staff of the New York Times and is radio news analyst for WBNX.

Also speaking during the afternoon will be Mrs. Arthur P. Vincent, president of the Pennsylvania Federation of Women's Clubs.

One of the features of this year's district conference will be the emphasis placed on exhibits; displays by the various departments as well as the accomplishments of individual clubs which have been cited for their merit.

Mrs. Shinnen as county president has also asked the publicity chairmen of the individual clubs to note the deadline for sending stories for the state magazine, "The Club Woman." Publicity from each club in the county is to be sent to the county publicity chairman, Mrs. Andrew Lewis, Mountainhome so that she may forward it before September 18. Club reports of 200 words, or 100 with pictures, are requested.

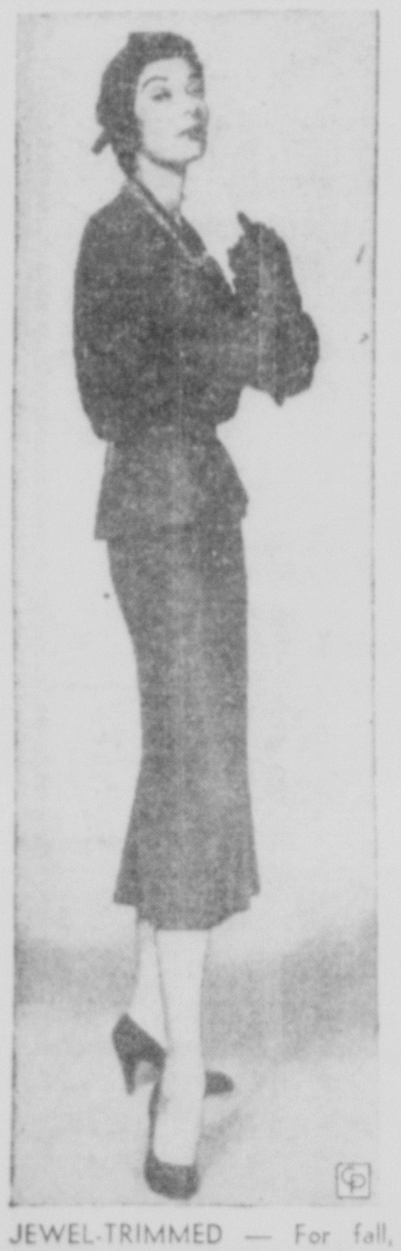
Girl Scouts Have Outing At Naomi Lake

The Girl Scouts of Troop 12, Stroudsburg, of which Mrs. J. L. Cohen is leader had no causes to regret the heat on Monday of this week when they were the guests of Bethany Dening at the Dening's summer home at Naomi Lake.

Swimming, hiking, games and songs, and a lunch at noon marked the outing. Mrs. T. Manning Curtis accompanied the group as life guard; Marie Cohen and Patsy Dobson as program aides, and Mrs. Houser assisted with the transportation.

Scouts taking part included Catherine Allegar, Bethany Dening, Ann Dennis, Nancy Jo Flory, Carla-Donna Holmgren, Gwendolyn Scheibel, Diane St. Bonnet, Nancy Sullivan, Brenda Torzillo and Faith Zahorik.

Rapid boiling is no hotter than gentle boiling! So when the food placed in saucepans over high heat begins to boil, you can turn the heat down and still keep the food at the boiling point.



JEWEL-TRIMMED — For fall, 1953, is a suit of gray wool designed for after-five and cocktails. The bloused jacket buttons down the front from an open collar embroidered with cut steel beads, pearls, and rhinestones. The little half belt in back is marked with matching embroidery on either side.

Mr. and Mrs. Everett will celebrate on their 60th wedding anniversary on Monday, Sept. 7.

Sisterhood Of Temple Hears New Rabbi

The new rabbi of the Temple Israel, Rabbi Fierverker, addressed the members of the Temple Israel at their first meeting of the season in the vestry room on Tuesday night. He spoke on "Hebrew Education."

Plans were made for the coming high holidays and on a program for the children in the Hebrew Sunday School. Committees were named to take charge of various aspects of the coming holy days.

Following the meeting refreshments were served by Mrs. Seymour Ellsweig, Mrs. Lottie Chiat, Mrs. Herman Brown and Mrs. Ted Cahn.

Just Between Us

—By Bobby Westbrook

They say you can get used to anything, even hanging, and it may be that we'll get used to living in the tropics, too, and start shivering when the thermometer drops below 90. Certainly everybody, though looking somewhat wilted, seemed to be taking it in good part.

There's something about breaking records that makes people resign themselves to the inevitable, maybe. As long as you're uncomfortable, you might as well be the most uncomfortable anybody's ever been. If it's going to be hot it might as well be the hottest it's ever been.

Certainly you'd be just as uncomfortable at an even 100 as at 105, but it's not nearly as impressive to tell your grandchildren about.

Resigned or not, tempers seem to be fraying a bit at the edges after this long siege. What those teachers in the West End Schools are going through with all those steaming youngsters must be something.

Of course, I can think of other uncomfortable spots, too. There's the sterotype room with the bubbling metal; there are laundries and pressing establishments with steam coming up; there are the kitchens in summer boarding houses.

But the social desk on a night when everybody is feeling anything but social, and the only people who've cooled down are the ones who are too far away to hear the phone, well, that can be a hot spot, too.

Penny Supper

The Young Adult Bible class of St. Paul's Lutheran Sunday School, Tannersville, will serve a penny supper at the church Saturday, Sept. 5. Service will be from 5 to 8 p. m., those in charge state.

Mrs. Geo. Hauser To Be New Head Of Church Women

Del. Water Gap At the first fall meeting of the Presbyterian Ladies Auxiliary, held Tuesday at the home of Mrs. Clifford Hauser, Rev. Luther Markin led the devotional period. Mr. Markin told the women that he counts on them to contact those who have not been drawn into the church; that the real objectives of their organization is spiritual and not financial. He spoke on the 23rd Psalm and led in prayer.

During the business session, with Mrs. Lillian Carlton, presiding, the new officers were elected to take office in January. These are: president, Mrs. George Hauser; vice president, Mrs. Elam Gray; secretary, Mrs. H. B. Kulp; asst. sec., Mrs. Francis Drake; treasurer, Mrs. Richard Hauser; asst. treas., Mrs. John Wilson Jr.

Mrs. Carlton appointed Mrs. H. J. LaBar and Mrs. M. E. Leffler flower committee for September. It was decided to hold a supper the night of Oct. 20, at the Mountain House. The committee in charge of this is Mrs. Richard Hauser, Mrs. H. J. LaBar, Mrs. Herbert Baker, Mrs. John Wilson Jr., Mrs. Clifford Hauser.

A successful bake sale was reported by Mrs. George Hauser and Mrs. Elam Gray. The recent puppet show given by the children of Oak Street for the organ fund was noted. A discussion on amending the by-laws took much time, but was finally tabled.

The hostess served peach short cake and coffee and a social hour was enjoyed by Mrs. H. W. Brodhead, Mrs. Richard Hauser, Mrs. Robert Carlton, Mrs. Elam Gray, Mrs. Lillian Carlton, Mrs. George Hauser, Mrs. H. J. LaBar, Mrs. John Wilson Jr., Mrs. M. E. Leffler, Miss Nora Leffler, Mrs. H. B. Kulp, Mrs. Francis Drake, Miss Patricia Keim.

Miss Lugg Is Bride Of Bangor Man

Bangor — Miss Elizabeth Iris Lugg, daughter of Mr. and Mrs. William J. Lugg, of Pen Argyl, a graduate of East Stroudsburg State Teachers College, was married on Saturday to George Ott Jr., son of Mr. and Mrs. G. O. Ott of Bangor RD2.

Church was the setting for the The Pen Argyl Methodist wedding with Rev. Clarence F. Carter, D.D., officiating. Wedding music was provided by Raymond Mutton, organist, and Miss Ann Hockin, vocalist.

The bride was given in marriage by her father. She wore a gown of embroidered eyelet with a fitted bodice, illusion neckline, short sleeves and a bouffant skirt with embroidered tiers and a chapel-length train. Her fingertip veil of illusion net fell from a net bonnet trimmed with eyelet and pearls, and she carried a white Bible with an orchid and streamers of stephanotis.

Miss Ann Lois Lugg was her sister's maid-of-honor, and wore a strapless gown of cotillion blue nylon tulle with a matching stole and headpiece. She carried a colonial bouquet.

After a reception in the church social room, Mr. and Mrs. Ott left for a trip to Canada. Mr. Ott is engaged in farming with his father.

Womanless Wedding To Be Repeated

Poplar Valley — For all those who missed the first performance of "The Womanless Wedding," the ceremony will be repeated this Friday night, September 4, at 8 p.m. at the Stormsville Grange Hall.

Participating will be the "beauties" of the Men's Brotherhood of the Grace Evangelical and Reformed Church of Tannersville. They with the Women's Society of the Poplar Valley Church are joining to sponsor the event. The women will serve refreshments at the close of the program.

The public is invited to attend.

Combine canned okra, canned tomatoes (drained), and cooked rice for a delicious casserole to serve with meat or fish. Season the casserole with salt, pepper and minced onion.

Baking fish steaks? Top them with slices of tomato and green pepper and onion rings; baste with melted butter or margarine. Good!

Cherry Valley Grange Has Literary Program

Cherry Valley — The regular meeting of the Cherry Valley Grange, No. 1821 Stormsville, was held Thursday night, August 27 with Master Richard Seidof presiding.

Mrs. Ruth Siptroth presided at the piano for the group singing. Announcement was made that the Grange had taken first place in the group display at the West End Fair the previous day.

The literary program was given by Mrs. Margaret Getz and featured a reading, "Aesop's Able" by Sheldon Schobert; a quiz, "The Floral Love Story," which proved humorous and entertaining.

It was reported that Charles Christian was sick and that Mrs. Clyde Levergood is in the Methodist Hospital, Philadelphia, where she was operated on last Thursday and is gaining nicely.

A covered dish supper followed the meeting.

The next regular meeting will be held Tuesday night, September 9 at 8:15. There will be election of officers so a large attendance is expected.

Surprise Shower Is Held For Granacher Baby

Tannersville—A surprise baby shower was held for Mrs. H. Monroe Granacher, of Reeders, last Saturday night at the home of Mr. and Mrs. Russell Frable. Mrs. Granacher had been invited, she thought, to a birthday party for Mrs. Frable's sister, Mrs. Horace Werkheiser, whose birthday was on Monday.

The lavish decorations of white and blue and the bassinet, decorated in blue and white and filled with gifts, was the first indication she had that the party was for her celebrating the birth of a son, David Lee, born August 8 at the General Hospital. The Granachers also have a daughter, Cheryl Ann.

Refreshments of ice cream, cake, coffee, candy and peanuts were served. A minature stork in the form of a candle formed the centerpiece.

Hostesses were Mrs. Frable and Mrs. Werkheiser and guests included: Mrs. Rufus Wolff, Mrs. Leola Nyce, Mrs. Estelle Granacher, Mrs. Eleanor Martin, Mr. and Mrs. John Lenahan, of Staten Island, Mr. and Mrs. Horace Werkheiser and daughter, Edith Lynne and Edith Frable.

THE Wyckoff SHOPPER

Wonder what the Indians did when they wanted rain? Did they don their paint and feathers and do a ritual-dance? Or did they smoke their pipes and beat upon tom toms? These 112 degree temperatures have given me a one track mind and every time I pass our Indian souvenir table, I keep thinking, "Okay, Big Chief Tellmehow, what would YOU suggest to end this dry spell?" . . . **Manager Henry Kresge of our Sears store, and his two colleagues, Marie Wieder and Cora Bisbing, can be seen smiling at Sears employes the country over from page eight of the August 25th Sears News Graphic. A big article, telling of the splendid work done by the Stroudsburg crew to make their boss "Mr. 200," accompanies the picture. This may be news to Mr. Kresge, but I sat in his gold-embossed prize chair for a few minutes the other day, and pronounced it very seatisfactory . . .** Speaking of Sears, I hear by the grapevine that within the next few days a splendid new service is to be offered their customers. So watch the ads, and keep listening to the Wyckoff Shopper for full details. In the meantime, make a visit to our splendid basement store a part of every call at Wyckoff's . . . **Dropped in on Walter Logan's picture framing department this past Saturday evening, and if ever I saw a busy man, I did then. Walter had told me a few days earlier that we had received a tremendous shipment of new frames, moldings, and other picture framing equipment. All I can say is, he is certainly putting it to good use. Earlier in the day a local professional man had picked up one of his own paintings, which had been custom framed. Now as I watched, Walter busied himself with a material, similar to monks cloth, which is being used a great deal as the inner mounting for oil and prints. I was really amazed at some of the beautiful art works on display—several by modern artists, and others by artists who must have lived years ago. Many paintings were being re-conditioned. Tears were being mended; Frames were being regilded and given a handsome new life. I've often heard of confidence men who involve people in frame-ups, but it occurs to me that we can apply those same terms to our Mr. Logan—in a highly flattering way. HE rates a customer's confidence because his frameups are good. Really good . . .** Miss Lillian Killeen (should have checked the spelling of that name, but didn't) arrive in Stroudsburg yesterday to assist Wyckoff customers in their choice of DuBarry cosmetics for the months ahead. A pleasant young woman with a thorough knowledge of her subject, she will gladly assist local women in solving their beauty problems. You can hear her on the air at 9:45 this morning, and can talk with her in person at the store today through Saturday. Whatever you do about makeup this fall, do it the DuBarry way, and let Wyckoff's show you how! . . . **I could probably write a lot more today, about all the new fall merchandise. But there's that temperature again. I really do wish I knew what it was the Indians did about rain!**

Rev. Dennis Addresses Kiwanis Club

Rev. William E. Dennis, pastor of Trinity Evangelical Lutheran Church, Clarks Summit, a Stroudsburg native, emphasized the effectiveness of the support of church at the Stroudsburg Kiwanis Club meeting in the Penn-Stroud Hotel yesterday afternoon.

Rev. Dr. P. N. Wohlsen, chairman of the Support of Church committee, was program chairman, and presented the speaker, a "son of St. John's Church, Stroudsburg." Rev. Dennis was a confirmed member of the church when he prepared for the ministry.

The danger of living on the philosophy of "anything goes," which can lead to Communism, and the need of tolerance and solid convicion in one's thoughts were pointed out. The church, he said, can offer that conviction and become a stronghold and defend our country against Communism, the young clergyman declared.

Sandra Bolich, member of the chancel choir of St. John's Church, sang "The Lord's Prayer," accompanied by Miss Ruth Fetherman, assistant organist at the church.

Announcement was made Kiwanis Club will be represented by some 50 persons at the service club meeting at Camp Tamiment next Tuesday.

Packages of peanuts were placed at the table through the generosity of Harold O. Bates, of Elizabeth, N. J., who has earned the sobriquet of "peanut pusher" during annual summer visits to the club.

Bates won the challenge of pushing a peanut by his nose on the floor of the ballroom, beating Eric Schuchard and President Parke W. Kunkle. Schuchard and Merle C. Ostrom cooperated in furnishing the bags of goobers.

Irvin J. Aidelotte, of Belmar, Del., was a visiting Kiwanian, welcomed by President Kunkle; also Rev. Luther Markin, Delaware Water Gap, and John Schall.

Dr. Earl Willhoite led the singing with Johnny Eaton at the piano.

Friday night callers at the home of Mr. and Mrs. Sam Gaeton were Mr. and Mrs. Bert Donahue, of Philadelphia.

Mrs. Otto Succow recently called on Mrs. Paul Barry.

The sixth birthday of Bonnie Lee Strunk was celebrated during the Sunday School hour in Pocono Union Church.

Harvest Home was celebrated at the vesper service in Pocono Union Church Sunday night. The chancel was a colorful picture of "first fruits," including canned goods, vegetables and flowers, all presented to the pastor by the congregation. For his message, Rev. Spangenberg used the theme "The Abundance of Things." Misses Betty Smith and Anna Mae Hartshorn sang a duet accompanied by Mrs. Arthur Post.

The office of Dr. E. J. Dening will be closed Aug. 31st through Sept. 9th.—Adv.

Highway Slicked

450 Gallons Of Oil Spill Across North Fifth Street

Traffic was detoured five hours on No. Fifth St., Stroudsburg, yesterday after 450 gallons of oil spilled across the roadway, sending firemen and road workers into action in an effort to make the road passable.

The oil escaped from an Esso Co. truck at 7:45 a.m. at the intersection of Fifth and Scott Sts., police reported. Victor Koch, Stroudsburg volunteer fireman, drove a fire truck to the scene and with the aid of others played water on the oil-covered area.

Water helped scatter the oil but the slippery condition still existed. Then borough road workers were called in to spread sand over the region which extended south to Sarah St.

At noon the borough's street sweeper was brought into play to clear the road of sand, after it was decided the street should be exposed to the sun's rays for drying. Francis Brodhead, borough supervisor, directed activities during the day.

Meanwhile police routed traffic around the spot by way of Fulmer Ave. and Sarah Sts.

Jack's Market Wins Second-Half Softball Crown, 9-3

Life of Riley

By JIM RILEY
Sports Editor

Local football players, both college and high school types, will certainly be glad when the regular autumn weather moves into the area to stay. The area gridders have baked under the present hot sun since the current training grind got underway. The kids would like very much to feel some of those cooling breezes that inform one and all that football season is just around the corner. No Monroe County Softball League contest will be played today as the season is over except for the playoffs.

The original contest between these two teams resulted in a 3-3 tie. Plans for the coming post-season softball playoffs will be made when representatives of the Eagles and Jack's Market meet with Jack Mullins, circuit president, tonight. The Eagles won the first-half championship and Jack's clinched the second half laurels, last night. Bill Crooks, manager of the Eagles, is currently vacationing for a week in Canada.

Jack's Market was a threat for a time in the first-half race, but it couldn't quite match the Eagles. But in the second-half it has been an entirely different story, with Jack's club being in front from start to finish and clinching the championship was visibly only a the campaign the pitching of matter of time weeks earlier in Marc Decker and the solid play of his supporting cast have carried the Marketeers to victory without too much strain in the second half of the current campaign. Jack's club lost only one second-half contest.

Bill Leckonby, head football coach at Lehigh and a frequent visitor to Monroe County certainly couldn't have been very pleased when only 38 candidates reported for the Lehigh grid machine this season. This is the smallest turnout of football candidates at Lehigh since 1946. Al Adelmann, a former three-letterman at Stroudsburg High, is currently battling for a position on the freshman football team at the Naval Academy. Al hopes to make football his main sport while attending Navy, although he played both baseball and basketball in addition to football at Stroudsburg High.

Stan Dudas and Al Nelson, both assistant golf pros at Shawnee Inn and Country Club, are planning to play in the Central Counties PGA Tournament, in Harrisburg, on Monday, September 14. Dudas won the event one year in the past. Ray Lambert, head golf pro at Mountain Manor, put on a golf show before a large crowd yesterday including 150 people from Hoboken, N. J. Blair A. C., a softball team from Scranton that recently lost a one-run decision to the Eagles, will take part in the Schautz Memorial Softball Tournament in Scranton, at Schautz field. Blair A. C. meets Fiddler's Inn in the opening game.

Speaking of tournaments brings to mind the fact that Daleville, eliminated from the Pocono Mountains Association playoffs last Sunday by Newfoundland, is taking part in the amateur baseball tournament at Schautz Stadium at the present time. Carbondale eliminated Waymart, of the Wayne County League, in the same tournament on Tuesday. Tommy Goodwin, Rye, N.Y., and Ray Billows, the pipe-smoking shot maker from Poughkeepsie, N.Y., were two well known golfers who failed to qualify for the National Amateur Tournament this year. Both Goodwin and Billows play in the Waite Memorial Tournament at Shawnee each year.

Many area athletes undoubtedly let their thoughts wander yesterday as many had good reasons for remembering V-J Day and things that happened before and after that now famous date. Ike Hineline, a member of the East Stroudsburg football team last year, has decided not to return to school next week. Ray Gallagher, third baseman for Jack's Market, will probably miss the remainder of the campaign because of a wrenched knee. The "Rocky" Castellani, pride of Luzerne, and Terry Moore fight listed for Chicago on Saturday, September 12, will be the second meeting of the two foes. Castellani gave the Baltimore Negro a boxing lesson in Scranton about two years earlier in his career.

John Stoner, who made his mark in baseball and softball in the area late this summer, has returned to Wabash College, in Indiana, for the coming school year. The sailing regatta listed for Naomi Lake on Saturday and Sunday, September 12 and 13, is only for small sail boats. It will be the first such show held locally in recent years. Pete Groner, a graduate of Stroudsburg High School, will be shooting for a spot in the University of Michigan marching band when he enters that Big Ten school this month. The Michigan band gives some outstanding demonstrations during the school's football games.

There will be only three Pocono Mountains League baseball games to be played this coming weekend, but each will be very important. One will decide the pennant winner, while the other two will make the final standing of the first division official.

IAM Bows In Final Game Of Campaign

Jack's Market won the second-half championship in the Monroe County Softball League last night with a 9-3 decision over second place IAM at Stroudsburg Playground. Jack's club will now meet the Eagles, first-half title holder, in a playoff for the season's crown.

Union Printers won over Shaffer's Inn at East Stroudsburg Playground, 12-0, in the second portion of last night's schedule. This game was limited to four and one-half innings by darkness.

IAM was very much in the ball game with Jack's Market until the league leaders exploded for six runs in the home half of the fifth inning.

The Marketeers had broken a scoreless deadlock with a single tally in the fourth.

IAM attempted to fight back with three runs in the sixth, but Jack's pushed a pair of insurance tallies into paydirt in the home half of the sixth.

Marc Decker held IAM to four hits, while his supporting cast blasted two IAM hurlers for an even dozen safeties. The winning club committed three errors and IAM booted four defensive plays in the field.

A meeting will be held between representatives of the Eagles and Jack's Market and Jack Mullins, league president, tonight to plan for the post-season playoffs.

Heat Postpones Fight Second Time

Boston (AP)—The torrid heat wave, sending the temperature to a record-breaking 100 degrees, yesterday forced a second postponement in tonight's schduled New England lightweight boxing championship bout between Georgie Araujo of Providence, R. I., and Teddy "Red Top" Davis of Hartford, Conn.

New Date

When the thermometer registered 100 yesterday the two boxers agreed to postpone the bout until September 10. The fight will not be televised or broadcast.

East Stroudsburg Coach Hopeful Spirit, Hard Work Will Make Up For Lack Of Experience

By Jim Riley

Jack Kist and his assistants, Dick Forster and Del Davis, are spending long hours on the practice field at the present time in an effort to give East Stroudsburg High School another winning football team although even the most optimistic supporters can't expect another to equal the mark of eight wins and one loss compiled by last year's machine—or at least not this quick.

Kist was struck by the inevitable graduation loss last June and only three lettermen are returning to the squad this season. The trio of lettermen include Don Herman, Mike Palmisano and Joe Chase, two linemen and a back.

The East Stroudsburg coaching staff is putting the 50 candidates through their paces daily in an effort to bring the contingent to a peak, both mentally and physically, by Friday, September 11, when the Cavaliers play host to Hellertown under the lights at Memorial Stadium.

Kist is faced with replacing Jack Sommers and Paul "Candy" Miller at quarterback; Dick Merring, left halfback; Jim Kintz, right half; George Litts, fullback, and handyman Leon Alberts in the backfield.

Currently Chase and Billy Semmers are handling the quarterback duties, but Bob "Red" Kupiszewski is the only offensive fullback on the squad at the present time.

Stan Boorstein will run out of one of the halfback posts, while the other halfback slot is apparently up for grabs between such stalwarts as Bernie Fish, Harold White, Dick Burch and Gene Flaza, the latter a sophomore.

The East Stroudsburg staff acquires a headache everytime it thinks of replacing that hard charging line of last year. The forward wall, departed by graduation, from end to end consisted of Dick Transue, John "Juice" Arnst, Bill "Bucky" Rogers, Dick London, Carl Smith, Joe Shea and Jim Fritz. Willard Butz, one of the first substitutions in the middle of the line will also be among the missing this season.

Jack Kist

Right now the ends appear to be in the hands of Herman and Dick Zukowski, who will also handle the punting assignments, and Jack Anthony, who is making a very strong bid for one of the terminal positions.

Tackles

Three tackles are currently scrapping for two starting berths and according to reports its really a wide open battle. The trio consists of seniors Roger Hartman and John Verwey and Jack Patella, a junior. Palmisano is virtually a sure thing at one of the guard posts, while John Shaffer, a sophomore, and Bill Dimmick, a junior, battle for the remaining starting berth.

Editor's Note—This is the first of four articles being written to cover football teams in the immediate area. The remainder of the series will appear from time to time prior to the opening of the 1953 campaign.

Frank Simona and Bob "Bootsy" Miller are currently locked in the fight for the opening center spot.

East Stroudsburg lost 18 lettermen last season and will lose nine more next June, but the Cavaliers are hopeful of doing plenty of damage before they leave.

Kist said last night, "I expect a tough season, we'll be the underdog most of the time, but what we lack in experience we'll have to make up in fight and hustle."

"We are slightly inexperienced, but I am very pleased with the attitude, enthusiasm and hard work being displayed by every member of the squad," the head coach added.

"This team might not be as weak as we think," Kist finished, as he crossed his fingers in hopes that the injury jinx will stay miles away from East Stroudsburg.

The Cavaliers play a 10-game schedule for the first time in the school's history and there's lots of tough football ahead for the "T" minded Cavaliers, who are displaying tremendous spirit at this early date.

Celebrities Golf Tourney Opens Today

Washington, (AP)—The National Celebrities Golf Tournament opens at the Woodmont Country Club today, but the golfers seemed less concerned with their shots yesterday than with the weather.

Broiling heat reigned in the capitol, and the Weather Bureau said that kind of weather would stay around at least until the weekend.

It'll be hot, tough going for the big name golfers and even rougher for the politicians and entertainers who make up the celebrities field in the $15,000 tournament sponsored by the Washington Post.

Ranking Pros

Nearly all the ranking pros will be on hand, with the exception of two of their most prominent members, Ben Hogan and Lloyd Mangrum.

The favorite's mantle thus fell on Sam Snead and Lew Worsham, both of whom got a workout yesterday over the tough, 7,019-yard course in the Maryland suburbs of the nation's capital.

The pros will play 72 holes, 18 each today, tomorrow, Saturday and Sunday. The celebrities will go for only 36—18-hole rounds on Saturday and Sunday.

Vice President Nixon, a 90-shooter, will go off in the celebrities division along with comedian Bob Hope. Military figures, labor leaders, singers, comics, politicians and other bigwigs will take part in the celebrities play.

Colts Trade Sears To Los Angeles

Baltimore (AP)—The Baltimore Colts announced yesterday they had traded their draftrights on Jim Sears, All-America half-back at Southern California, to the Los Angeles Rams.

Return

They will receive in return one of the Rams' turns in the drafting of college football stars next winter.

Sears had said previously he did not want to play pro football for an Eastern team. The Colts had never been able to sign him up.

Ward Leads Pirates To Victory Over Cubs With Home Run, 8-1

By Joe Bradis

Pittsburgh, (AP)—Preston Ward blasted across six runs with a grand slam homer and a double and Bobby Friend notched his first victory since July 16th as the Pittsburgh Pirates walloped the Chicago Cubs 8-1 last night and snapped a nine-game losing streak. The victory also enabled the Pirates to equal last season's output of 42 triumphs.

Ward's homer in the first inning—first of three hits against his former teammates sent rookie Tom Simpson to the showers. The 26-year-old righthander, making his first major league start, left the game without retiring a batter.

Fast Start

Three consecutive singles and a walk to Frank Thomas gave the Pirates one run and Ward cleared the sacks with his inside the park roundtripper over Frankie Baumholtz's head in center. It was Ward's sixth homer of the year and his second since the Pirate-Cub trade on June 4th. His double in the second produced two more runs.

Big Hank Sauer spoiled Friend's bid for a shutout with his 14th homer of the year in the second. Friend scattered seven hits and struck out five. He'd been out for over a month with a sore arm. The victory was Friend's fifth against 10 defeats.

Danny O'Connell, the Pirates' third sacker, ran his hitting streak to 15 games with singles in the first and second innings. Cal Abrams and Hal Rice also got three hits apiece for the winners.

Eastburg Lists Junior Varsity Grid Schedule

A six-game East Stroudsburg High school junior varsity football schedule was announced last night by Lewis R. Hastie, faculty athletic manager at the N. Courtland St. school.

The list features four on the road and only two at home. The Lehigh-Northampton League has a rule that when a varsity game is played at home, a junior varsity battle involving the same schools will be played on the rival team's home gridiron.

Times

All games are scheduled to be played in the afternoon and each will get underway at 4 p. m.

In addition to the six games on the agenda there are two open dates.

The campaign opens on Monday, September 28, with Pen Argyl at East Stroudsburg. The final tussle also stated for Memorial Stadium is carded for Monday, November 16, with Nazareth supplying the opposition.

All other contests are listed for foreign soil, including the Monday, November 2 tussle with Stroudsburg at Gordon Giffels field.

Schedule follows:

Date	School	Place
September 28	Pen Argyl	Home
October 5	Bangor	Away
October 12	Lehighton	Away
October 19	Open	
October 26	Wilson Boro.	Away

Penn Gridders Arrive In Camp

Hershey, Pa. (AP)—A 63-man University of Pennsylvania football squad arrived here yesterday for pre-season drills prior to opening of the 1953 gridiron campaign September 23 against Vanderbilt on Franklin Field, Philadelphia.

Long Term

Coach George Munger, starting his 16th season—and his last—as Penn's head coach, said he will stick to the single wing attack but added the team will be geared to switch to the T-formation when occasion demands.

Giants Use Strong Start To Shade Reds, 4-3

New York, (AP)—The New York Giants jumped on Clem Podbielan for three runs in the first inning and held on grimly to eke out a 4-3 triumph over the Cincinnati Reds yesterday.

Ruben Gomez, 25-year-old rookie righthander from Puerto Rico, went the distance for the Giants despite the intense near 100-degree heat to record his 13th triumph against seven defeats. The Reds' Willard Marshall hit his 16th home run following a leadoff single by Ted Kluszewski in the ninth to narrow the Giants' lead to 4-3.

Hit Hard

The Giants got to Podbielan in a hurry, filling the bases in the first inning on singles by Alvin Dark and Don Mueller and a walk to Thomson. Daryl Spencer doubled, scoring Dark and Mueller, and when outfielder Jim Greengrass bobbled the ball, Thomson also scored.

The Giants' final run came on Rhodes' home run, his 10th in 17 games since replacing the injured Monte Irvin in the outfield.

The Reds' first run came in the fifth.

Rosewell, Seixas Advance In National

Forest Hills, N. Y., (AP)—Little Ken Rosewall of Australia and tall Vic Seixas of Philadelphia, the Australian and Wimbledon champions, respectively, each dropped a set yesterday as they led a field of 16 winners through a torrid third round of the National Tennis Meet at the Westside Club.

With the temperature rising into the high 90's the 30-year-old Seixas applied the pressure only as necessary to eliminate a fellow countryman, Grant Golden of Wilmette, Ill., 6-2, 6-4, 3-6, 6-3. The knee which Seixas hurt over two weeks ago at Newport appeared to have mended completely.

Distress

Rosewall, in some distress with a summer cold, found himself all-square after two sets against Joaquin Reyes, a talented Mexican player. But then he lifted his fine all-around game another notch to close it out in a hurry 6-4, 4-6, 6-1, 6-2.

The day's only casualty among the seeded players came late in the day, with darkness settling fast over the stadium court and thunder rumbling in the distance. With almost the last stroke for him to hit in the gloom, Fred Kovaleski, a government employe from Washington, knocked Straight Clark of Pasadena out of the tournament by scores of 6-3, 9-11, 7-5, 7-5.

Kovaleski thus joined Billy Talbert of New York City and Torben Ulrich of Denmark as the only unseeded players who will wade into today's full program of men's matches designed to reduce the field to eight.

Tony Trabert, the number two American hope, did a fast job on Seth Petersen Jr., of San Francisco, 6-3, 6-2, 6-0.

Lewis Hoad, Tony's opposite number among the Aussies, downed Joe Davis of Nashville, 6-3, 6-2, 6-3, and will clash with Ham Richardson, the intercollegiate champion from Baton Rouge, in what shapes up as the prize match today.

Gardnar Mulloy, last year's finalist and the number three home seed, kept pace with the youngsters as he baselined J. E. Barrett of England into defeat 6-4, 6-3, 6-1. The remarkable 39-year-old Miamian meets sterner opposition today in Ulrich, the bearded Danish clarinet player, who eliminated Ed Dailey of Harrisburg, Pa., 6-4, 6-4, 6-2.

Workout

Art Larsen, the 1950 champion, was given a stiff workout before he downed Gil Shea of Los Angeles 9-7, 11-9, 6-4.

Mervyn Rose, considered the third best of the Australians, had little difficulty eliminating Lorne Main of Canada 6-2, 9-7, 6-2, but faces a different proposition today in Budge Patty, the number seven home seed.

Only two leading women's matches were sandwiched into yesterday's heavy program. Doris Hart of Coral Gables went into the third round at the expense of Suzanne Herr of Miami Beach 6-3, 6-1 and Louise Brough of Beverly Hills defeated Darlene Hard of Montebello, Calif., 6-2, 6-4.

Harness Boss Denies Report

Albany, N. Y., (AP)—Henry M. James, chairman of the New York State Harness Racing Commission, said yesterday that "our records indicate no sign of doping of any horse" in the Hambletonian at Goshen August 12.

James' comment was inspired by a statement made Tuesday by James H. Inglis, Michigan racing commissioner, in Detroit.

Inglis said Carl Larsen, a trainer-driver for the Castleton Stables, had admitted doping two horses who won eight starts at the Hazel Park harness meeting in Detroit and that he had admitted doping Abbasong at the Hambletonian.

Test

"Every horse had a saliva test after the first heat" of the three-heat Hambletonian, James said. He said laboratory analyses of the saliva specimens failed to uncover any evidence that any of the horses had been doped.

Abbasong finished 10th in the first heat, 12th in the second and 18th in the third. Helicopter, a Canadian owned filly, won the Hambletonian by capturing the last two heats.

Pendleton Shines As Braves Take Measure Of Dodgers, 9-8

Brooklyn, (AP)—Fleet footed Jim Pendleton, Milwaukee's newest rookie sensation, led the Braves to an uphill 9-8 victory over Brooklyn last night, cutting the Dodgers' National League lead to 10 games. Pendleton collected four hits, including his fourth homer in three contests, and drove in three runs.

Trailing by as much as five runs early in the contest, the Braves tied the score in the fifth when Pendleton homered with Del Crandall on base.

Decider

The young Negro right fielder also drove across the tie-breaking run with a single in the seventh when the Braves scored their final pair.

The victory was the Braves' fifth in 10 starts at Ebbets Field this season, the most any visiting club has won in the Dodgers' home park.

Miller Named To Buffalo Staff

Buffalo, N. Y., (AP)—Jim Miller, former head coach of football at Niagara University, has been named assistant to Coach Fritz Febel at the University of Buffalo, Athletic Director Jim Peele said yesterday.

Columbia Looking For Quarterback

Lakeside, Conn. (AP)—Finding a capable successor to replace quarterback Mitch Price was Coach Lou Little's big problem as Columbia's 40-man football squad opened camp yesterday.

Three Choices

Little, starting his 24th consecutive season with Columbia, has three players contending for the berth, Max Pirner, Toledo, Ohio, Dick Carr, Beverly, Mass., and Charley Nations, Little Rock, Ark.

Durando, Sandy Draw

St. Louis, (AP)—Ernie Durando of Bayonne, N. J., and Randy Sandy of New York fought to a draw in a 10-round middleweight boxing bout here last night. Durando weighed 153 pounds to 149½ for Sandy. There were no knockdowns.

Chisox Rock Four Nat Hurlers, 7-3

Chicago, (UP)—The Chicago White Sox, battling to hold second place in the American League race, rocked four Washington pitchers with a 16-hit barrage yesterday to defeat the Nats, 7 to 3.

Bob Keegan pitched the first seven innings for the Sox before he wilted in the heat.

Nellie Fox led the Chicago attack with three singles and the Sox enlivened the game with a double steal in the seventh, Connie Ryan scoring on the play.

In the first inning, Pete Runnels of Washington singled and was safe when Fox missed the bag after taking a throw from Ryan on Mickey Vernon's grounder. Jackie Jensen singled to score Runnels and Jim Busby doubled Vernon home.

Weakens

Spec Shea weakened in the heat and the Sox chased him in the fourth when they scored three runs to take the lead. A single by Bob Wilson tied the score. Wilson went out stealing but Keegan walked and "Chico" Carrasquel and Fox both singled for another run before Al Sima could halt the rally.

and Keegan mixed with a sacri- and Keegan mixed with a sacrefice an error and a walk gave the Sox two more runs in the fifth.

Pettit To Rejoin Pirates Today

Pittsburgh (UP)—Paul Pettit, 22, the Long Beach, Calif., "bonus baby" whom the Pittsburgh Pirates paid $100,000 for signing a contract four years ago, will rejoin the Bucs today.

Record

Pettit had a good year with Hollywood of the Pacific Coast League in 1952 but didn't make out so well with the Pirates early this season. He was sent down to Charleston, S. C., of the class "A" Sally League, where he has won two and lost none.

Chadwick Calls Off Channel Swim

Dover, England, (UP)—Florence Chadwick, 33-year-old San Diego swimmer, yesterday postponed for another 24 hours her attempt to swim the English Channel round trip.

Rough Seas

High winds and rough seas put the stopper on yesterday's try.

Singles By Goodman, Williams Give Red Sox Nod Over Tigers

Detroit, (UP)—The Boston Red Sox clicked off four double plays—three of them on hard line drives—to hand the Detroit Tigers a 5-2 setback yesterday.

Mel Parnell, who worked the first seven innings, picked up his 18th victory against eight losses and ran his lifetime record against Detroit to 21-6.

The slick southpaw might not have made it however, except for those four rally-killing double plays and some clutch hitting by Billy Goodman and Ted Williams.

Big Hits

With the score locked 2-2 in the seventh, Goodman, acting as a pinchhitter, and Williams each delivered a run scoring single off loser Billy Hoeft.

That sent Boston ahead 4-2 and the Sox added another run in the eighth when Sammy White walked, stole second and scored on Johnny Lipon's single to left.

The Red Sox peeled off double plays in the second, fourth, seventh and eighth innings. The prettiest was started by Jim Piersall, Sox right-fielder, who scooped up a sinking liner in the eighth inning and fired to first to double up a base runner.

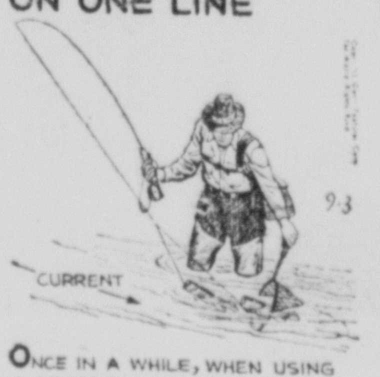
NETTING TWO FISH ON ONE LINE



ONCE IN A WHILE, WHEN USING A DROPPER WITH AN EXTRA FLY OR BAITED HOOK, TWO FISH MAY BE HOOKED AT ONCE. WHEN IT HAPPENS, PLAY BOTH FISH COMPLETELY OUT. THEN, IN STREAM FISHING, LEAD FISH AGAINST THE CURRENT IN CLOSE TO YOU. HOLD ROD-TIP HIGH TO KEEP FISHES' HEADS OUT OF THE WATER. SUBMERGE NET DOWN STREAM AND LET END FISH DROP BACK INTO IT, FOLLOWED BY TOP FISH.

IN BOAT-FISHING, HAVE PAL NET TOP FISH FIRST THEN CUT DROPPER BEFORE HE NETS END FISH.

Mrs. Thorpe Plans Shrine

Tulsa, Okla., (UP)—Mrs. Pat Thorpe, said yesterday she plans to build a memorial to the Great Sac and Fox Indian athlete in Tulsa.

Mrs. Thorpe was disclosed Tuesday to have brought her husband's body here from a mausoleum at Shawnee.

She said she did so because nothing concrete had been done about a proposed memorial there.

Statement

"They hadn't paid his crypt rent," she said.

She added that one of her reasons for moving the body was that she was afraid "they" would bury Jim in the Potter's Field."

Thorpe, one-time Carlisle, Pa., Indian School football great and 1912 Olympics star, was voted the athlete of the half century in an Associated Press poll. He died of a heart attack at Lomita, Calif., March 28, and his body was taken for interment to Shawnee, near his birthplace.

Stroudsburg Little League Meets Today

Stroudsburg Little League will hold a post season meeting today at the Penn-Stroud Hotel, at 8 p.m. T. Manning "Cap" Curtis, president of the league, has announced some important business for the meeting.

Most important of the items will be the planning for a get-together of some form where all the players and managers of the Little League will enjoy a good time, and awards will be made to the winning teams. Whether this will be in the form of a banquet or a picnic must be dtermined.

Field Plans

There will also be some plans made for the reconditioning of the infield at the official park. This assignment was given to vice president Max Stadfeld at the last league meeting and he will, no doubt, have some report to make on the progress made so far.

Officers of the Auxiliary will attend the meeting.

Mrs. Gerald Metzgar
Phone Saylorsburg 64-R-12

Mrs. George Harps and Mrs. Archie Heller and children are spending several days with the former's son and daughter-in-law, Lt. Col. and Mrs. Joseph Harps and son at Aberdeen, Md.

Mrs. Gerald Setzer, of Saylorsburg, spent last Friday visiting her sister, Mrs. Joseph Metzgar.

Mr. and Mrs. Paul Possinger and daughter, Patricia, of East Stroudsburg, were Sunday callers of their son-in-law and daughter, Mr. and Mrs. Fred Jennings.

Mr. and Mres. Kenneth Parsons, of East Greenville, were recent callers of the latter's mother, Mrs. Maria Snyder at the Walter Wescott home.

Mrs. William Smith, of East Stroudsburg, spent Saturday with her sister, Mrs. Charles Waas at the home of W. S. Lesh.

Mr. and Mrs. Charles Warnick and family, of Belvidere, N. J., were Sunday callers of Mrs. Stewart Fabel.

Mrs. Maria Snyder was a recent caller of her son and daughter-in-law, Mr. and Mrs. Sterling Snyder and family at Kresgeville.

Pfc. Donald S. Miller, of Ft. Bragg, N. C., returned to camp after spending a seven-day furlough at his home. His parents, Mr. and Mrs. Bernard Miller accompanied him by car as far as Philadelphia where he took the rest of the trip back by plane.

Sunday afternoon, after the Kellersville session of Sunday School, Mr. and Mrs. Charles Waas and Mrs. Katie Remel took a drive to Pen Argyl Park where they enjoyed a picnic lunch.

Pfc. Donald S. Miller called on Mrs. Eddie Reese and daughter at Freeland last Wednesday afternoon.

Mrs. Gerald Metzgar and daughter and Mrs. Ralph Beers, of Brodheadsville, transacted business in Easton Tuesday night.

Mr. and Mrs. William Mills and son, of Philipsburg, N. J., were weekend guests of Mr. and Mrs. Bernard Miller and family.

Patty Warnick has returned to her home after spending a week with her father, Mr. and Mrs. Charles Warnick and family at Belvidere, N. J.

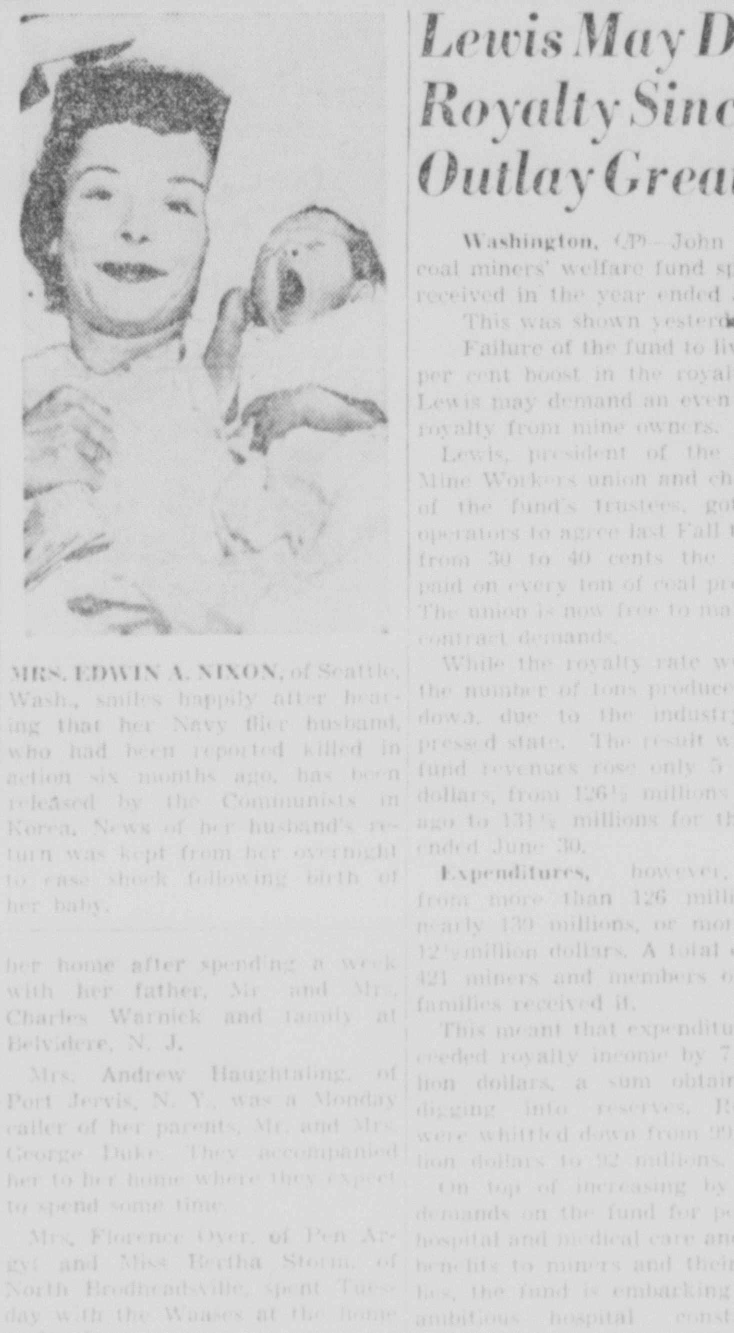
Mrs. Andrew Haughtaling, of Port Jervis, N. Y., was a Monday caller of her parents, Mr. and Mrs. George Duke. They accompanied her to her home where they expect to spend some time.

Mrs. Florence Oyer, of Pen Argyl and Miss Bertha Storm, of North Brodheadsville, spent Tuesday with the Waases at the home of Dr. Lesh.

Mrs. Stewart Fabel was a weekend guest of Mr. and Mrs. Edward Warnick and family and Mrs. Ruth Warnick in Stroudsburg.

Layton Lesh and Mrs. Hannah Genereux, of Marshalls Creek and Mrs. Mabel Frantz, of Bangor, picked up W. S. Lesh on Sunday noon at his home. They left for the home of Mr. and Mrs. David Davis and family, son-in-law and daughter of the latter, at Salem, N. J., where they will spend the holidays. Mr. Davis and Layton Lesh plan to go deep sea fishing Monday.

Weekend guests of Mr. and Mrs. Gerald Metzgar and daughter were Mr. and Mrs. Robert Franc, of Easton, Pfc. Donald Miller, of Ft. Bragg, N. C., Mrs. Luther Frabie, and Mrs. Gerald Setzer, of Saylorsburg, Madlyn Setzer, of Pen Argyl, Mr. and Mrs. James Hawk, of Bartonsville and Charles Shupp.



MRS. EDWIN A. NIXON, of Seattle, Wash., smiles happily after hearing that her Navy flier husband, who had been reported killed in action six months ago, has been released by the Communists in Korea. News of her husband's return was kept from her overnight to ease shock following birth of her baby.

Lewis May Demand Higher Royalty Since Welfare Fund Outlay Greater Than Income

Washington, (P)—John L. Lewis and other trustees of the huge coal miners' welfare fund spent 7½ million dollars more than the fund received in the year ended June 30.

This was shown yesterday in the annual report issued by the fund.

Failure of the fund to live within its income—despite a recent 33 1-3 per cent boost in the royalty paid into it—prompted speculation that Lewis may demand an even higher royalty from mine owners.

Lewis, president of the United Mine Workers union and chairman of the fund's trustees, got mine operators to agree last Fall to raise from 30 to 40 cents the royalty paid on every ton of coal produced. The union is now free to make new contract demands.

While the royalty rate went up, the number of tons produced went down, due to the industry's depressed state. The result was that fund revenues rose only 5 million dollars, from 126½ millions a year ago to 131½ millions for the year ended June 30.

Expenditures, however, rose from more than 126 millions to nearly 139 millions, or more than 12½ million dollars. A total of 266,421 miners and members of their families received it.

This meant that expenditures exceeded royalty income by 7½ million dollars, a sum obtained by digging into reserves. Reserves were whittled down from 99½ million dollars to 92 millions.

On top of increasing by heavy demands on the fund for pensions, hospital and medical care and other benefits to miners and their families, the fund is embarking on an ambitious hospital construction program in Kentucky, West Virginia and Virginia.

Ground has been broken for one of a chain of 10 hospitals and two more are to be started with ceremonies Labor Day, next Monday. These hospitals will cost a minimum of 15 million dollars to build, perhaps a maximum of twice that much.

Cost of building and maintaining them is bound to be a further drain on the fund.

The fund's financial report for the year ended June 30 showed that most of the increased costs resulted from the addition of 6,706 miners to pension roles during the year. The pensioners get $100 a month in addition to social security payments.

Your Horoscope Today

By FRANCIS DRAKE

THURSDAY, SEPTEMBER 3, 1953

March 21 to April 20 (Aries)—Very special day for usefully busy Ariens this Sept. 3rd. With your natural talents and favorable influences there should be little doubt of good work and happy returns.

April 21 to May 20 (Taurus)—Both romance and business will have to be watched. Don't go overboard in any activities. Be careful and don't listen to smooth talkers. Day has advantages.

May 21 to June 21 (Gemini)—Consider these admonitions now; do not anticipate trouble, contention; avoid being easily upset. Could be fine results, regardless of conditions, if you stand firmly, don't give up.

June 22 to July 23 (Cancer)—Make sure you are right before acting. Don't walk into something of which you are not certain. Discretion and tact are not to be forgotten. They'll play important part.

July 24 to August 22 (Leo)—Off-and-on sort of day. Take care you are not caught between two evils. Stay on the side-lines until certain of what you are going to do, then do it with dispatch and confidence. Leo-like.

August 23 to September 23 (Virgo)—Satisfactory vibrations for general improvement; get in on the ground floor by being alert, quick to take advantage of best opportunities. You have fine power for deductions.

September 24 to October 23 (Libra)—The good and the bad hover over today's possibilities. Being aware is half the battle won. Win other half with shrewd, intelligent action, thinking in prayer channels.

October 24 to November 22 (Scorpio)—Just so-so, say stars. But you are not the type to do just nothing. Even if resting you are usually thinking. Make plans for future action when things are more favorable.

November 23 to December 22 (Sagittarius)—Assume confident attitude, feel that nothing is really impossible and you will find your road easier. You have courage within you, use it now and achieve top goals.

December 23 to January 21 (Capricorn)—Ho wis your sense of values? Is your mind clear, health good? All these things count for they lay the foundation of future security. Check others' activities and successes for cues.

January 22 to February 20 (Aquarius)—Keen, sensible concern in planning and judgment, accuracy in application needed now. Romance, domestic affairs, social matters hinge greatly on disposition, common sense.

February 21 to March 20 (Pisces)—Don't permit personal desires, excesses to divert you from discharging duties. Subdue any unhealthy restlessness, disconcerting thoughts, deeds. IF you expect God's blessings and success.

YOU BORN TODAY are the type that does not have to be told to think twice; you do. Many fine and interesting qualities. Usually have even mild disposition when rightly educated and living up to your best. You have good judgment, intuition, and a sense of balance—all great gifts. Use them rightly and you will achieve honored position and attain true happiness. Literary and business talent not unlikely. Especially fitted for position or career that brings you before the public and returns great honors.

HELP WANTED, FEMALE 40

A BUSINESS OF YOUR OWN AT CHRISTMAS

Would you like a week in New York, all expenses paid, sometime in October, preparing for a department of your own in a reliable Stroudsburg business establishment, at Christmas? Sounds unbelievable, doesn't it? Nevertheless, we have just such a proposition to offer if you are an attractive, pleasant, efficient young woman with ability to meet and talk with the public.

Once your training is complete, you will be able to earn approximately eighty dollars Christmas pin money for a few hours of light, pleasant work. Hours will be easy, and you will have a part time assistant. It's a position that's as interesting as any you could desire. Not everyone is the type for it, but if you are we would appreciate your contacting us at once.

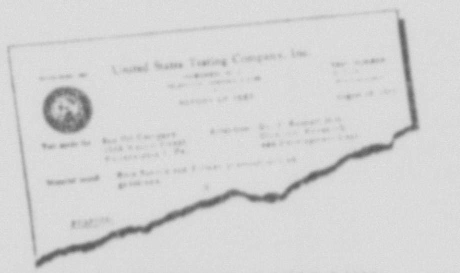
BLUE SUNOCO
WINS AGAIN

In Actual Road Tests Conducted By U. S. Testing Co.



United States Testing Company, Inc.

U. S. TESTING COMPANY
CERTIFIES RESULTS

U. S. Testing Company—largest, oldest, and best known in the world—writes, "Practically speaking, the results show no difference between Blue Sunoco and any of the 15 premium-priced gasolines tested in miles per gallon, acceleration, or overall performance."

Cars Used In The Test

Cross section of American cars were tested—1948 to 1953 models.

1953 Chevrolet (new)	1951 Nash
1949 Chevrolet	1952 Studebaker
1953 Ford (new)	1953 Chrysler (new)
1951 Ford	1950 Chrysler
1953 Plymouth (new)	1951 DeSoto
1948 Plymouth	1953 Cadillac (new)
1953 Buick (new)	1949 Cadillac
1949 Buick	1952 Packard
1950 Pontiac	1951 Hudson
1952 Oldsmobile	1953 Lincoln
1952 Dodge	1952 Willys
1952 Mercury	1952 Kaiser
1952 Henry J.	

5-STATE, 25-CAR TEST ▶

Cars included every current American make from 1948 to brand new. States were Pennsylvania, New Jersey, Connecticut, Michigan, Ohio. Cars were driven at touring speeds. As certified by United States Testing Company, High-Test Blue Sunoco at regular gas price matched the mileage, acceleration and over-all performance of 15 premium-priced gasolines costing up to 3 cents more per gallon. See your Sunoco dealer today.

Blue Sunoco Matches 15 Premium-Priced Gasolines in Miles Per Gallon... Gives you Up to 12.4% more miles per dollar

High-Test Blue Sunoco was tested against 15 premium-priced gasolines, with all their latest "improvements". Yet Blue Sunoco, selling at regular gas price, matched the mileage, acceleration and over-all performance of these gasolines, which cost up to 3¢ more per gallon!

Final results of the five-state, 25-car road test for gasoline mileage have now been tabulated. Of the 16 gasolines tested, High-Test Blue Sunoco, the only regular-priced brand, matched the mileage, acceleration and over-all performance of its 15 premium-priced competitors.

How It's Possible

For over 25 years, the Sun Oil Company has produced one—and *only* one—highest quality gasoline.

This single-grade gasoline policy results in savings on tank ships, trucks, storage tanks, and pumps. These savings have been used to build special advanced manufacturing equipment. This, together with Sun's exclusive processes, offers motorists a superior, premium performing gasoline—High-Test Blue Sunoco.

See Your Sunoco Dealer

Ask your Sunoco dealer for further details of the Sunoco road tests. Ask him, for example, the actual brand names of the premium-priced gasolines tested against Blue Sunoco. You'll find they include the ones sold right in your own neighborhood. And of course, be sure to fill *your* gas tank today with High-Test Blue Sunoco.

HOW TO MAKE YOUR OWN TEN-GALLON TEST

For best results don't mix High-Test Blue Sunoco with any other gasoline. Wait until your tank is nearly empty, then fill with at least ten gallons of Blue Sunoco. See for yourself the difference it makes in miles per dollar.

Your Sunoco dealer knows the brands of gasolines used in the road tests. He'll be glad to tell you if you ask him. Drive in today!
